Lakhmir Singh’s Science for ICSE is a series of books for Classes 1 to 10 that follows the latest curriculum and the guidelines provided in National Education Policy (NEP) 2020. Specific sets of skills and values have been incorporated within the chapters to help students actively participate in their classrooms. The main goal of this series is to help students develop critical thinking, analytical aptitude and acquire life skills by understanding concepts in a very lucid manner with simple explanations. The concepts have been explained in detail with diagrammatic representations, the scientific phenomena and principles are followed up with logical reasoning. With the changing times and increasing need of awareness, this book prepares students with the right skill sets required for their future endeavours to achieve their goals.

SPECIAL FEATURES:

★ Simple language along with attractive illustrations and images used to explain the concepts.
★ Plenty of tools have been placed in the form of concept maps, tables, keywords, summary, etc. that aids to the learning.
★ Theory portions of chapters are divided into various main topics and subtopics; a brief in-text exercise by the name ‘Test Your Understanding’ has been placed after every few topics, to evaluate the concept taught just before.
★ Chapter-end exercises are classified into various sections like Fill in the Blanks, True or False, MCQs, Short Answer Questions, Long Answer Questions and others to assess all the relevant skills required to develop scientific approach in life.
★ Life skills are well-integrated through ‘Do It Right’, ‘Think and Answer’, ‘Art Express’, etc.
★ Eminent scientists and their works are covered in each chapter to inspire students and to inculcate inquisitiveness.
