

S Chand offers a complete range of print and online school resources for young learners, teenagers, and adults. We are committed to the development of relevant, innovative, and updated teaching materials. Our objective is to provide solutions for both educators and learners across subjects in K to 12 segments and across national and state boards.

It has to its credit many popular titles by renowned authors in subjects like Mathematics, Science, English, etc. Its innovative print and digital content meets the current needs and anticipates how teachers will be teaching in the future. It is a powerhouse of knowledge that has won accolades for commendable work in educational technology solutions, innovations in pedagogy and innovative learning tools, textbooks, teacher training, assessments, analytics, school management, and preschool learning materials.

Our K-8 books are covered by the company replacement warranty.

Publisher's Warranty: *The Publisher warrants the customer for a period of 1 year from the date of purchase of the book against any manufacturing defect, damage or loss of book.*

Terms and conditions are on our website, www.schandpublishing.com

S Chand Publishing publishes books under five imprints

S Chand Publishing – School Education Brands (imprints)

This National Curriculum Framework (NCF) 2023 envisions an education system which provides high-quality education to all, and thereby making India a global knowledge superpower. Education must develop not only cognitive capacities but also social, ethical, and emotional capacities and dispositions.

S Chand books adhere to the essence of the NCF 2023 in its resources through

Emphasis on **conceptual understanding** rather than rote learning

Creativity and critical thinking to encourage logical decision-making and innovation

Holistic education through cross curricular activities covering science, maths, social sciences, languages, fine arts, sports, etc.

Focus on regular formative assessment for learning rather than the summative assessment

These icons represent various aspects of NCF and most of them are tagged inside the book at relevant places.

S. Chand's Headlights English

for Classes 1 to 5

S. Chand's Headlights aligns perfectly with the National Curriculum Framework 2023 and embraces the experiential approach rooted in 'learn by doing'. It has been meticulously designed to fulfil the most essential curricular goals and learning outcomes listed by the NCF 2023. Focussing on a seamless progression from simple to complex, the series is dedicated to fostering curiosity, critical thinking and application of knowledge in an interesting and exciting manner.

SPECIAL FEATURES:

Course Books:

- ★ Places a strong emphasis on language through literature, immersing young learners in captivating stories and texts to enhance their reading abilities and enrich their vocabulary and writing skills.
- ★ Promotes values like empathy, respect, honesty and responsibility through the themes.
- ★ Includes special tasks and challenges to develop 21st Century skills.
- ★ Incorporates problem-solving activities, encouraging learners to think analytically and creatively.

Skill Books:

- ★ Consolidates grammar topics derived from the Course Book texts, ensuring a strong grasp of essential language structures; it also addresses Listening, Speaking, Reading and Writing (LSRW) skills and encourages young minds to appreciate poetry.
- ★ Focusses on SDGs (Grades 1-2) through grammar to give learners a sense of being part of a larger global community.

New Self-Learning English Course with Activities

for Classes Nursery to 8

New Self-Learning English Course with Activities is the revised and upgraded edition of the series, based on insightful user feedback. A series of ten textbooks for Nursery to Class 8, this new edition aims to fulfil the need for developing interactive and communicative skills of the learners from an early age.

SPECIAL FEATURES:

- ★ **Reading Comprehension** New passages and poems with attractive, child-friendly illustrations to foster reading skills and show the use of grammar in context.
- ★ **Grammar** Carefully graded grammar within each book and across levels to acquaint the learners with the basics of grammatical concepts.
- ★ **Vocabulary** Exercises to introduce learners to new words and terms while building upon their existing active vocabulary.
- ★ **Pronunciation** New section on pronunciation helps learners speak English correctly with the right accent and pronunciation. The learners are also introduced to the IPA (International Phonetic Alphabet) and RP (Received Pronunciation).
- ★ **Writing** A variety of carefully structured writing exercises with worked out samples and scaffolding to help learners write independently in different formats, and develop their functional and creative writing skills.
- ★ **Listening and Speaking** Tasks to develop careful listening for varied purposes, build oral competence and enhance auditory processing.
- ★ **Test Papers** Two test papers in each textbook to assess and evaluate learners' understanding of what has been taught.
- ★ **Teacher's Manual** for each textbook, with answer keys to the exercises and additional worksheets to facilitate the teaching process.

High School English Grammar & Composition (Wren & Martin)

Wren and Martin's High School English Grammar & Composition is one of the most popular and widely used reference books on English Grammar. It not only helps the students to use the language, but also gives detailed information about the language.

High School English Grammar & Composition provides ample guidance and practice in sentence building, correct usage, comprehension, composition and other allied areas so as to equip the learners with the ability to communicate effectively in English.

The Regular Edition is now available in a larger format making it more user-friendly and attractive.

The Multicolour Edition is now available in a larger format, with vibrant and child-friendly illustrations.

The Self-practice Book has been especially designed to cater to the demands of the users. Writing space has been provided to work out the answers in an organized manner. The Self-practice Book may be used with both the multicolour and regular editions.

The Key has been designed to provide users with a reliable and practical tool in the form of correct answers to the exercises in the book.

ICSE English Comprehension & Composition

for Classes 1 to 8

ICSE & ISC Essays and Letters

ICSE English Comprehension and Composition is a series of eight books designed to enhance reading comprehension and writing skills of students. Paragraphs and stories on many different subjects have been included which provide students with ample practice in answering comprehension questions. Exercises have been carefully selected so that students are able to comprehend and solve each of them independently.

SPECIAL FEATURES:

- * Prepares students for English Language Paper I of ICSE Examinations
- * Interesting comprehension passages that students will love to read
- * Accompanying illustrations that depict important events from the passages
- * Develops reading and writing skills
- * Questions and MCQs test students' comprehension skills
- * Develops understanding, analytical skills and application of information gathered through reading
- * Develops creative writing skills and a flair for writing

SPECIAL FEATURES:

- * A reference companion that enables students to inculcate effective writing skills
- * Attention has been paid by the writers to address stylish techniques of writing
- * Topics are relatable to an average student
- * Improves students' creative writing and communication skills
- * The writing style, tone and vocabulary enhance students' calibre

S. Chand's Financial Literacy

for Classes 3 to 8

ABOUT THE BOOK

S. Chand's Financial Literacy is a series of six books for Classes 3 to 8. This series is designed to teach the students how to build smart money management skills and habits for life. The lessons cover everything from responsible money handling to consumer habits to savings, planning, and budgeting. There is a mix of fun individual and group activities designed to teach essential knowledge and skills for financial wellness that are both relatable and useful.

These books are authored by **MoneyPrep Inc.** This is a financial education technology company in US that teaches smart money management skills to kids. They believe in planting the seeds of financial knowledge early, watering it often and letting it grow into bright financial futures all over the world.

Let's Do Numbers

for Classes 1 to 5

Let's Do Numbers, a series for classes 1 to 5 has been designed to lay the foundation upon which the learner's academic success and personal growth will stand. These textbooks have been meticulously designed to align perfectly with the National Curriculum Framework 2023 (NCF 2023). Our aim is to provide learners with a holistic and transformative educational experience that nurtures their intellectual, emotional, and social development. This series attempts to hone the mathematical skills of learners by making their classroom experience more engaging. The best way of learning a subject is through more and more practice. This series of books contain numerous exercises to actively engage learners in mathematical explorations. Concepts are introduced through real-life examples, enabling learners to establish a meaningful connection with the subject matter. By incorporating cross-curricular connections, the series integrates knowledge across various disciplines, fostering a more holistic understanding.

SPECIAL FEATURES

- ★ **Warm Up:** Taps on the learners' prior knowledge or sets the stage for introduction to a new concept.
- ★ **Learning Objectives:** Sets specific, measurable goals to be achieved.
- ★ **Drill Corner:** Reinforces the concept with practice exercise in multiple formats for the learners to strengthen their grasp on their learning.
- ★ **Checkpoint:** In-text questions to develop critical thinking and reinforce real-life connect.
- ★ **Fun Time:** Hands-on, art-integrated and play-based activities to help understand the concept.
- ★ **Factopedia:** Exposes the learners to interesting facts related to the topic.
- ★ **Points to Remember:** Recaps the concepts for the learners.
- ★ **Learning Beyond:** Includes interesting features, like Life Skills, Subject Integration, HOTS and Art Integration as mentioned in NCF 2023.

S. Chand's Mental Mathematics

for Classes 1 to 5

The series of **S. Chand's Mental Mathematics** for Classes 1 to 5 has been designed to provide extensive practice of all types of problems. Skill tests containing objective type questions have been added at the end of each book to prepare the child for Talent Search and Olympiad Tests.

- A useful Practice Book for all types of questions
- A Perfect Guide for Olympiads and Talent Search Tests

SPECIAL FEATURES

- ★ This series has been designed to provide practice in all types of questions.
- ★ Skill tests containing objective type questions have been added at the end of each book to prepare the child for **Talent Search** and **Olympiad Tests**.
- ★ Emphasis is laid on practical rather than theoretical approach to fundamental concepts of Mathematics.
- ★ Efforts have been made to present questions in all possible forms, so that the student grasps the concepts better.

New Composite Mathematics

for LKG to Class 5

Composite Mathematics

for Classes 6 to 8

SPECIAL FEATURES

- ★ Theory is presented in a very simple language supported with examples.
- ★ A section called **Activity Time** containing relevant Maths Lab activities has been added to each chapter.
- ★ A section called Assessment with 2 parts has been added to each chapter:
 - Question Bag-1** consisting of multiple choice questions.
 - Question Bag-2** consisting of a self-assessment test in which short answer questions, true/false questions and fill in the blanks have been given.

New Learning Composite Mathematics

for KG to Class 8

New Learning Composite Mathematics, is a carefully graded mathematics series for the children of KG to Class 8. The series adheres to the National Curriculum Framework 2023 and the books have been designed in accordance with the latest guidelines laid down by it. This revised series has been structured and designed to meet the challenges of mathematics learning as well as the needs of a broad range of students. The content is designed to reach all learners in the classroom irrespective of their skill levels or learning capabilities.

SPECIAL FEATURES

- * **Learning Outcomes** at the beginning of each chapter clearly define the goals of study.
- * **Remember** and **Note** sections are given to recapitulate important points learnt.
- * **Maths Alert!** section warns against likely mistakes and misconceptions.
- * **Activities/Maths Lab Activities**, wherever appropriate within the text, are easy to do for practical verification of concepts.
- * **Mental Maths** to develop thinking skills.
- * **Challenge!** questions to enable children to think out of the box.
- * **Projects** to explain difficult concepts.
- * **Chapter Test** given at the end of each chapter helps in evaluation and self assessment.
- * **Worksheet** ensures active participation of the learner.
- * **Did You Know?** provides interesting facts to enhance learning.
- * **Assessment Zone** (Model Test Paper) consists of a mix of objective- and subjective-type questions for the purpose of recall and revision.

S. Chand's Smart Maths

for KG to Class 8

S. Chand's Smart Maths, is a carefully graded mathematics series for KG to Class 8. The series has been designed in accordance with the latest guidelines laid down by the NCF 2023. It emphasizes the interdisciplinary approach and application of mathematics to real-world situations. Throughout the books, students are encouraged to explain and discuss their mathematical thinking.

SPECIAL FEATURES

- * **What Learners Will Achieve/Learning Outcomes** at the beginning of each chapter clearly define the goals of study.
- * **Warm-up** is given for quick and easy recapitulation.
- * **Watch Your Step!** section warns against likely mistakes and misconceptions.
- * **Let Us Do** within the text are exploratory in nature to help the learner to draw conclusions on her own or sometimes to verify the concepts with hands on practice.
- * **Skill Check/Practice** section is interspersed within the text for self-testing.
- * **Objective Moves** to ensure enough quick practice opportunity for learner as per the CBSE guidelines.
- * **Did you know?** to provide interesting mathematical facts.
- * **Assertion-Reasoning Questions** are to ensure enough quick practice opportunities for the learner as per the CBSE guidelines.
- * **Case Study** helps to reinforce concepts in an interesting way by providing questions on real-life scenarios.
- * **Competency Based Exercise** consists of a mixed bag of objective- and subjective-type questions for revision.
- * **Smart Time** is to engage children in mathematical discussions and activities to establish a learning environment of fun and enjoyment.

S. Chand's Essential Mathematics

for Classes 1 to 8

S. Chand's Essential Mathematics is a series of eight books for Classes 1 to 8. This series attempts to hone the mathematical skills of children by making their classroom experience more engaging. The best way of learning a subject is through more and more practice. This series of books contains numerous exercises to actively engage students in mathematical explorations.

An attempt is made in the series to approach mathematical concepts from different perspectives.

The series has been designed in accordance with the latest guidelines laid down by the NCF 2023.

SPECIAL FEATURES

- ★ This series has been designed to provide practice in all types of questions.
- ★ In these books, the gradation of mathematical practice is done in such a way that it develops students' interests and engages them in the discipline of the subject.
- ★ Adequate number of questions for practice have been given in exercises to enable the child to have sufficient drill on each topic and to prepare the child for Talent Search and Olympiad Tests.
- ★ Emphasis is laid on practical rather than theoretical approach to understand the fundamental concepts of Mathematics.
- ★ Efforts have been made to present questions in all possible forms, so that the student grasps the concepts better.
- ★ Revision and Test Papers have been introduced for better evaluation.

New MathsWiz

for Classes KG to 8

New MathsWiz, a series for KG to Class 8, is a course based on the National Curriculum Framework and the guidelines provided therein. The content is student-centred and activity-based, laying the utmost emphasis on developing problem-solving skills and encouraging the child to think creatively and work independently.

SPECIAL FEATURES

- * **Warm Up** for refreshing the concepts learnt earlier
- * Extensive drilling, including **Class Work**, **MCQs**, with an integrated **Chapter Test** in each chapter
- * **Maths Lab Activities**, **Fun Activities**, **Projects** etc. facilitate hands-on learning
- * **Mental Maths** to sharpen the mathematical skills
- * **Challenge** (HOTS) involves the learning of complex judgemental skills
- * **Enrichment** provides facts and encourages to think creatively
- * **Worksheets** provide interactive and application-based activities
- * **Model Test Papers** for better evaluation

New Mathematics Today

for KG to Class 8

New Mathematics Today, a thoroughly revised series for KG to Class 8, has been designed as per the requirements of the latest curriculum.

Based on user feedback, it gives us great pleasure to bring out this revised edition. This series has been rehashed and redesigned incorporating the current global trends and International practices, the latest philosophy and policy of providing stress-free education. The emphasis throughout the books are on a student-centred and activity-based approach to relate mathematical concepts to real-life situations.

SPECIAL FEATURES

- ★ These books follow strictly, the new syllabus.
- ★ Each chapter begins with a **Warm Up** or motivating paragraph or story.
- ★ All the mathematical concepts have been presented in a very simple and lucid form.
- ★ To facilitate easy and better understanding, each unit is divided into a number of subunits with short and separate practice exercises on each subunit.
- ★ Each chapter contains **Maths Lab Activities**, **Fun Activities**, **Worksheets** and **Projects** to ensure active participation of the learner.
- ★ **Maths Alert!** warns against likely mistakes and misconceptions.
- ★ **Mental Maths** exercises help the students acquire speed and sharpen their intellect.
- ★ **Remember** and **Maths Facts** to recapitulate important points learnt in the chapter.
- ★ **Revision Exercises** help in evaluating the assimilation of concepts learnt in the chapter.
- ★ Two **Model Test Papers** help in evaluation and self-assessment.
- ★ The problems given in the books avoid tedious calculations and help in strengthening the understanding of basic principles, honing the faculties of thinking and reasoning.
- ★ **Challenge!** and **Enrichment Material** offer further intellectual challenge. These help students not only to maintain their interest in the subject but would also be of immense help in preparing for competitions such as Mathematics Olympiad at various levels.

Speed Solver

Classes 1 to 8

Speed Solver — A Practice Book on Mental Maths is a series of eight books for Classes 1 to 8. This series attempts to hone the mathematical skills of students by making their classroom experience more engaging. It supplements the main coursebook with mental maths worksheets for classes 1 to 8. Students grasping the basic concepts from the main coursebook can strengthen the same by attempting the topic-wise worksheets in these books. The series has been designed in accordance with the latest guidelines laid down by the NCF 2023.

SPECIAL FEATURES

- ★ This series has been designed to provide practice for all types of questions.
- ★ **Worksheets** containing objective type questions have been added at the end of each book to prepare the child for **Talent Search** and **Olympiad Tests**.
- ★ Emphasis is laid on practical rather than theoretical approach for strengthening fundamental concepts of Mathematics.
- ★ Efforts have been made to present questions in all possible forms, so that the students grasp the concepts better which can improve their calculation skills.
- ★ Designed to address open-ended problems, multi-answer problems, supportive to revision practices, skills of reasoning and logical thinking deductively and inductively, intuitively guessing the solution of problems, and visiting and revisiting the mathematical concepts sharpen the mathematical skills of young learners.

S. Chand's Headlights Mathematics

for Classes 1 to 5

S. Chand's Headlights aligns perfectly with the National Curriculum Framework 2023 and embraces the experiential approach rooted in 'learn by doing'. It has been meticulously designed to fulfil the most essential curricular goals and learning outcomes listed by the NCF 2023. Focussing on a seamless progression from simple to complex, the series is dedicated to fostering curiosity, critical thinking and application of knowledge in an interesting and exciting manner.

SPECIAL FEATURES:

- ★ Employs a **five-pronged approach** encompassing constructivist, collaborative, integrative, reflective and inquiry-based methods
- ★ Introduces concepts through **real-life examples**, enabling learners to establish a meaningful connection with the subject matter and retain new concepts
- ★ Contains **exercises** with ample number of questions not only to improve learners' application and problem-solving skills but also to test their knowledge and understanding level
- ★ Comes with the **Mind Teaser** that comprises differentiated worksheets aligned with the topics covered in the Course Book and catering to learners' unique interests, needs and strengths

Wonder Maths

for Classes 1 to 8

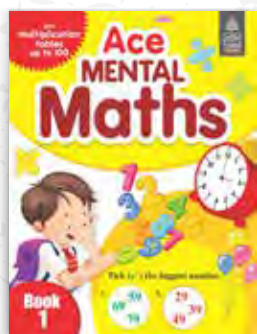

Wonder Maths is a series of eight books for classes 1 to 8 that adheres to the National Curriculum Framework 2023. Mathematics is about developing an understanding of the mathematical concepts and being able to use them in real life situations. Based on this understanding, this series is designed on the 'learning by doing' approach. It makes learning mathematics an exciting process.

Self-learning Mathematics Practice Book

for Classes 1 to 5

Self-learning Mathematics Practice Book is a series of five books for Classes 1 to 5. This series attempts to hone the mathematical skills of children by making their classroom experience more engaging.

The best way of learning a subject is through practice, practice, and more practice. This is best done through a balance of homework assignments and in-class practice sessions. This series of books contain activities and materials to actively engage students in mathematical explorations.

An attempt is made in the series to approach mathematical concepts from different perspectives.

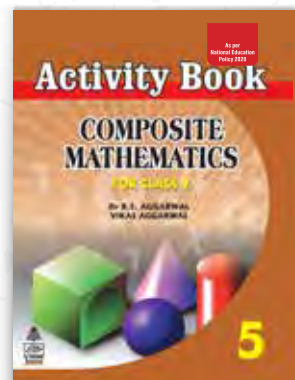

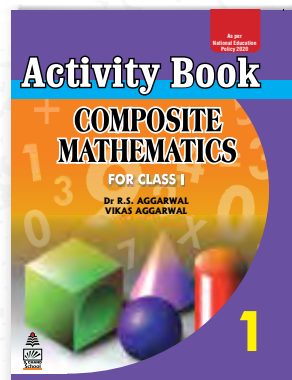

SPECIAL FEATURES

- ★ **Real-life** application worksheets.
- ★ **Mental Maths, Multiple Choice Questions and Activities** introduced to sharpen the mathematical skills.
- ★ Attractive layout and design with ample writing space.
- ★ **Chapter Test** papers at the end of each chapter can be used for chapter evaluation.
- ★ **Periodical Assessment** and **Model Test Papers** have been introduced for better evaluation.
- ★ **National Science Talent Search Examination (NSTSE)** and **International Mathematics Olympiad (IMO)** sample papers have been included for children who decide to appear in these tests.

[NSTSE is a national-level scholarship programme. It is one of the most prestigious examinations in India. The IMO is a means to identify and encourage the mathematical creativity of children studying in schools across India and abroad.]

Activity Book Composite Mathematics

for Classes 1 to 5

SPECIAL FEATURES

- ★ Supplements the main coursebook with maths activities for classes 1 to 5.
- ★ Designed to provide adequate practice of all types of questions which shall sharpen a child's ability to apply the basic concepts to solve varied problems.
- ★ Students grasping the basic concepts from the textbooks can strengthen the same by attempting the topic-wise Activity sheets in these books.

New Lakhmir Singh's Science

for Classes 1 to 8

Lakhmir Singh's Science is a series of books for Classes 1 to 8, which conforms to the NCERT syllabus. The main aim of this series is to help students understand difficult scientific concepts in a simple and easy language. Books 6 to 8 are revised as per the latest NCERT Science textbooks (Curiosity).

SPECIAL FEATURES:

- ★ Basic concepts of science explained in a simple yet effective manner.
- ★ Simple and direct approach has been followed, sufficient for self-study.
- ★ A large number of pictures and sketches of various scientific processes, procedures, everyday situations of scientific principles.
- ★ **Learning Objectives** gives a bird's eye view of the topics covered in each chapter.
- ★ **Know More** are fun facts which add interesting information to the content.
- ★ **Activity** encourages learning by doing and develops observation, data collection, and inferential skills.
- ★ **Summary** recapitulates the chapter in a point-wise manner.
- ★ **21st Century Skills** encourage logical decision-making and innovation.
- ★ Ample practice to reinforce and test the concepts in each chapter.
- ★ **Glossary** covers important terms for a quick recap.
- ★ The digital content supplements book content through visuals, experiments, animations, interactive exercises and additional information.

APP-BASED VIDEOS 6 TO 8:

- ★ **My Studygear App** enables students to access interesting videos related to the topics they have studied in the chapter. Two videos have been given for each chapter.

Science Mission

for Classes 1 to 8

A series of 8 books for Science, which conforms to the CBSE/NCERT syllabus and the guidelines of the NCF 2023. Books for classes 6 to 8 are revised as per the latest NCERT Science textbooks (Curiosity).

SPECIAL FEATURES:

- * **You Will Learn About:** Gives a complete idea of the coverage of topics in one quick glance
- * **Good to Know:** Interesting facts related to topic in-hand, breaks the monotony
- * **Additional Learning:** Extension of the topic being taught
- * **Learn that:** Important points of the topic being taught for easy understanding
- * **Activity:** Science experiments that can be performed in labs or hands on
- * **Note:** Important info pertaining to support text, primarily in activities
- * **In Brief:** Enable quick recap in point-wise manner
- * **Terms At A Glance:** Meanings of difficult terms
- * **Exercises:** Varied kinds of exercises to assess different skills through Objective and Theoretical questions
- * **Thinking Skills:** To develop higher order thinking skills and to assess the effectiveness of the teaching
- * **Life Link:** Life skills which link learning of science to our daily life and inculcates values
- * **Project:** Practical application of science to make something meaningful
- * **Learning Beyond Classroom:** Questions, activities, discussion that strengthen understanding of important concepts beyond the classroom situations

Journey Through Science

for Classes 1 to 8

Journey Through Science is a series of books aligned to the vision of the National Curriculum Framework 2023. The series has been written with a child-centric approach that arouses curiosity in children and helps to develop analytical and reasoning skills in them. The multicoloured layout with lively illustrations makes the book attractive, interesting, and understandable to students. Journey Through Science for classes 6 to 8 are revised as per the latest NCERT Science textbooks (Curiosity).

SPECIAL FEATURES:

- * Basic concepts of science explained in a simple yet effective manner
- * Chapter introduction is in story form to make the content more interesting
- * **Curricular Goals** gives a bird's eye view of the topics covered in each chapter
- * **Let's Recall** gives a quick recall of the previously learned concepts
- * **Let's Try** contains ample activities to develop scientific attitude and observation, data collection and inferential skills
- * **Did You Know** includes fun facts which add interesting information to the content
- * **Brain Teaser** has higher order thinking skill-based questions that helps students to develop analytical skills
- * **What have I learned today?** are in-text questions for quick assessment of the concepts
- * **Key Terms** enable students to understand the meaning of difficult terms
- * **Let's Look Back** recapitulates the chapter in a point-wise manner
- * **Mind map** gives a quick recap of the chapter in the form of infographics
- * **Practice Time** contains a variety of questions for practice
- * **Competency Based Questions** assess student's ability to apply their knowledge and skills in real life or practical situations
- * **Explore** covers various NEP elements in the form of interesting activities and projects
- * **STEAM Project** contains activities that integrate concepts and principles from the fields of Science, Technology, Engineering, Arts and Mathematics
- * **Additional worksheets** for each chapter provide more practice

Be Curious, Be Wise

for Classes 1 to 8

Be Curious, Be Wise, a series of 14 books for Science that conforms to the CBSE/NCERT syllabus and the guidelines of the NEP 2020 through emphasis on **conceptual understanding**, **creativity**, **critical thinking**, and **holistic education**.

SPECIAL FEATURES:

- * **Learning Objectives:** Gives a complete idea of the coverage of topics in one quick glance
- * **Think and Answer:** To develop higher order thinking skills and to assess the effectiveness of the teaching programme
- * **Concept Map:** Given after main topics inside a chapter, helps in revision
- * **Do You Know?** Interesting facts related to topic in-hand, breaks the monotony
- * **Let's Do It:** To encourage learning by doing and develop experimental skills
- * **Do It Right:** Life skills which link learning of science to our daily life and inculcate values.
- * **Test Your Understanding:** In-text questions for easy recapitulation
- * **Keywords:** Important terms given for a quick recap
- * **Know Your Scientist:** Inspires children by taking them through the journey of science and the scientists
- * **Summary:** Enable quick recap in point-wise manner
- * **Exercises:** Graded exercises to assess different skills through Objective, Subjective, Picture-based and Application-based questions
- * **Worksheets:** To assess the effectiveness of the learning through interesting activities and also reinforce the concepts

Science Pulse

for Classes 1 to 8

Science Pulse, for classes 1 to 8, is a series of science books that conform fully to the latest ICSE curriculum. The course content has been carefully designed to develop various scientific skills—observational, analytical, experiential and investigational skills. The concepts are explained in simple and lucid language. Special emphasis is given on the various recommendations of NEP 2020 which aims towards holistic development of children in their learning years. Various skills, values, art/craft, cross-curricular approach, knowledge of India, etc. are highlighted using icons across the books.

SPECIAL FEATURES:

- * **Chapter Concepts:** Key concepts of chapter
- * **Warm Up:** Sparks conversation and helps smooth introduction of chapter
- * **Think and Answer:** Intext questions for quick assessment
- * **Activity:** Do and learn tasks for holistic development of students
- * **Buzzwords:** Keywords of the chapter
- * **To Sum Up:** Summary of the chapter
- * **Test Papers:** Assessments to check understanding
- * **Activity Zone:** Deals with skills, values, art, etc.
- * **Teacher Tip:** To help teachers with the chapter concepts
- * **Net Connect:** Opens up the world of science through the Internet
- * **Real Images and Illustrations:** Enhance visual learning
- * **QR Codes:** To access animated activities/experiments
- * **Competency-Based Questions:** To hone higher order thinking skills

Awareness Science for Classes KG to 5

Awareness Science for Classes 6 to 8

A series for Science textbooks for Classes KG to 5. These books follow the CBSE/NCERT framework.

SPECIAL FEATURES:

- * **Learning objectives** clearly lay down the expected outcome of each chapter
- * **Warm up** at the beginning of each chapter involves the students by bringing out what they already know and initiating discussions
- * Emphasis is given on understanding concepts using very simple explanations and language
- * **HOTS** (Higher Order Thinking Skills) questions encourage creative thinking, application, and problem-solving skills
- * Multiple Choice Questions (MCQs) are included in exercises
- * **Linked Internet sites** in each chapter help the children acquire wider knowledge, carry out research, conduct experiments, and play educational games
- * **Project section** provides a variety of projects—find out, do it yourself experiments, model making, observation and deduction, information gathering and presentation, field trips, etc., to develop various skills

Wonder Science for Classes 1 to 8

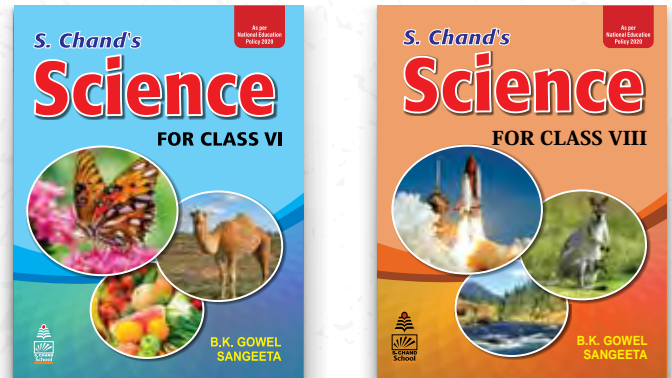

Wonder Science series of 8 books conforms to the guidelines and syllabus prescribed by the National Council of Educational Research and Training. The content and the activities in the books are based on the experiential learning approach, where students are given opportunities to perform different tasks and construct their own understanding. The teachers can encourage students to question their knowledge and check it by performing different activities or experiments.

SPECIAL FEATURES:

- ★ **Learning Objectives:** The broader objectives that describe what students will learn in a chapter
- ★ **Warm-up Activity:** Activity to recapitulate previous concepts and build interest
- ★ **Activities and Experiments:** Hands-on activities and experiments for students to perform and apply their conceptual understanding
- ★ **Knowledge Check:** In-text exercises to test student's understanding of concepts
- ★ **Go Green:** Tasks or activities to raise awareness about environment and surroundings
- ★ **Do You Know?** Provides interesting facts connected to the concepts

Step By Step Computer Learning

for Classes 1 to 8

Step by Step Computer Learning is a series of eight books for grades 1 to 8. This series is based on Windows 11 and MS Office 2019 and is also compatible with MS Office 2021.

SPECIAL FEATURES:

- ★ Comic Story at the beginning of each chapter.
- ★ Topic Connect provides a warm-up activity/question to introduce the chapter.
- ★ Pause and Answer provides in-text questions to assess understanding of the topic.
- ★ Quick Assist provides a tip or hint to understand a concept or solve a problem quickly.
- ★ IT Wizard provides a brief profile of a famous IT personality.
- ★ Fun Zone provides NEP-aligned activities to develop creativity, critical thinking, computational thinking, and communication skills of students.
- ★ Lab Connect (Solved) provides lab activities designed to enhance practical skills and experiential learning emphasise learning by doing.
- ★ SDG Connect provides an activity to helps students understand and stay motivated to achieve the SDGs by 2030.
- ★ Cyber Literacy are special pages highlighting cyber threats, false information, data security, bullying, online behaviour, data literacy, etc.

Topics Covered:

- ★ Paint
- ★ Scratch
- ★ Java using BlueJ
- ★ App Development
- ★ HTML

Clouds AI Edition—Learning Computers and Coding

for Classes 1 to 8

Clouds AI Edition—Learning Computers and Coding, a series of Computer Science for classes 1–8 is based on Windows 10 and MS Office 2016. This series is created on the principles of developing skill education and covers a wide range of topics.

SPECIAL FEATURES:

- * Carefully selected and graded content
- * Theoretical concepts explained with lots of daily life examples
- * Stepwise explanation of programs with clear screenshots
- * Coverage of latest terms and technologies
- * Inculcation of in-depth problem solving and programming skills
- * Sufficient lab activities to ensure practical learning
- * Activities based on Art Integrated Learning (AIL)
- * Cross Curricular links to make learning fun
- * A section on Computers and Health including tips to minimise health issues while working on computers
- * Guided Projects containing a step-by-step approach to guide students to complete a project
- * Sample Test Papers for self-assessment
- * A section on Olympiad Bot containing practice questions for International Computer Science Olympiad

Topics Covered

- * Windows Accessories (Paint, WordPad)
- * MS Office 2016 programs (Word, PowerPoint, Excel, Access)
- * Open Source software (Tux Paint, LibreOffice)
- * Programming Language (Python)
- * Artificial Intelligence (Uses, History, Future, Games, etc.)
- * Coding (ScratchJr, Scratch)
- * Website designing (HTML, CSS)
- * Photo editing software (GIMP, Canva)
- * Animation software (Stykz)

CyberSync—Towards Technology

for Classes 1 to 8

CyberSync—Towards Technology is an innovative series for grades 1 to 8, introducing young learners to Computer Science, Coding, and AI, aligned with NEP 2020. It is based on Windows 10 and MS Office 2019.

SPECIAL FEATURES:

- * Comic Story
- * Career Opportunity provides information on career options related to the chapter's content.
- * Tune-Up provides warm-up activity to recall prior knowledge or connect with the chapter.
- * DIY provides in-text questions to reinforce understanding of concepts.
- * Quick Tip provides useful tips and shortcuts relevant to practical topics.
- * Computer Ethics provides basic ethics or rules for using computers and internet.
- * Scan and Learn provides conceptual questions with QR code.
- * Digital Citizenship section provides guidance on how to use technology responsibly and ethically.
- * Teacher's Zone provides mini lesson plan for the teachers.
- * Olympiad Practice Paper provides practice questions for Cyber Olympiad.

Topics Covered:

- * ScratchJr
- * Scratch
- * Google Blockly
- * MakeCode Arcade
- * Krita
- * Canva
- * Tinkercad
- * Cloud Computing
- * Blockchain
- * Augmented Reality
- * Virtual Reality

CodeSync—Towards Future

for Classes 1 to 8

CodeSync—Towards Future is an engaging series for grades 1 to 8, focusing on Computational Thinking, Coding, and AI, aligned with NEP 2020. It equips students with essential 21st century skills through a structured and step-by-step approach.

SPECIAL FEATURES:

- * Code Tip provides practical tricks about the topics.
- * Recall Quiz provides in-text questions to recall the concepts.
- * Common Hurdles give insights about common errors in coding.
- * Fun and Learn provides conceptual game with QR code.
- * Brainstorming provides group discussion on a topic.
- * Teacher's Note provides mini lesson plan for the teacher.
- * Time to Think provides logical questions for the students.
- * Practice Worksheets provides assessments questions.
- * Projects with QR Code allows students to enhance their understanding of the topics.
- * AI LABS is a platform for coding and AI (India's 1st Platform Evaluated by AICTE).

Topics Covered:

- * Reasoning
- * Problem Solving
- * Data Processing
- * Algorithmic Intelligence
- * ScratchJr
- * Scratch
- * MakeCode Arcade
- * HTML
- * CSS
- * App Inventor
- * Python

Artificial Intelligence

for Classes 8 to 10

In the context of the NEP 2020, Computer Science education must undergo a paradigm shift where students are introduced to the newer concepts in the field such as Artificial Intelligence, Natural Language Processing, Data Science, Computer Vision, and Neural Networks. This book provides students with an insight into Artificial Intelligence. The book covers the various domains of Artificial Intelligence and its vast application areas. After reading this book, the students will be able to identify and appreciate Artificial Intelligence and describe its applications in daily life. Students will also be able to relate, apply, and reflect on the Human-Machine Interactions as well as gain knowledge of the skills required for the opportunities in the future.

DESCRIPTION

Artificial Intelligence is in accordance with the model curriculum for Class 8 described by CBSE. The book is written in five well-connected chapters which cover the following aspects of Artificial Intelligence:

- * Excite the students about Artificial Intelligence.
- * Describe the relationship between Artificial Intelligence and real-world applications to ease our lives.
- * Describe the purpose of Artificial Intelligence and how it is helping in achieving the Sustainable Development Goals (SDGs).
- * Give an idea of the vast range of possibilities in terms of applications and careers in Artificial Intelligence.
- * Describe the ethics to manage Artificial Intelligence project development.

SPECIAL FEATURES:

- * **Do You Know**
Interesting facts and information related to the topics
- * **Lab Activity**
AI games or activities for practice
- * **Class Activity**
Activities to engage students in interactive learning
- * **Practice Time**
Exercises with a variety of questions after each chapter
- * **Revision Time**
Exercises with a variety of questions after each unit
- * **Practical Time**
Questions to improve programming skills
- * **Scan and Learn**
Links or videos related to the topic
- * **Python Hands-On**
Python programs in accordance with the CBSE curriculum
- * **Applied Projects** AI projects in accordance with the CBSE curriculum
- * **Viva Voce Questions**
Questions for viva voce practice
- * **Practice Paper**
Question papers based on Parts A and B
- * **SDGs**
Includes guidelines to achieve SDGs and a game based on SDGs
- * **AI Whiz**
In-text questions to recall the concepts for Part B

My Wellbeing Book: Mind, Body, and Soul

for Classes 1 to 8

My Wellbeing Book: Mind, Body, and Soul is an eight-level course for classes 1 to 8, built around 10 engaging themes. Through real-life stories it helps students develop core values, social and communication skills, critical and creative thinking, and the ability to manage emotions and nurture overall well-being. The series highlights the importance of a healthy body and a healthy mind, guiding students towards living balanced, meaningful, and fulfilling lives.

SPECIAL FEATURES:

- * Self-assessment questionnaires for students to reflect on their perspectives and understanding of each theme
- * Age-appropriate real-life stories that help students explore and evaluate personal values
- * Hands-on activities that encourage teamwork, collaboration, presentation skills, and higher-order thinking
- * Activity corners that enable students to practise essential life strategies
- * Project-based assignments that promote research, peer collaboration, community engagement, and problem-solving for local issues
- * Yoga asanas that guide children in using simple asanas to manage socio-emotional challenges in daily life
- * QR codes for yoga videos to watch demonstration on YouTube

Friends of the Earth

for Classes 1 to 5

This revised edition of **Friends of the Earth** is a carefully graded series on Environmental Studies for classes 1-5. It has been especially designed as per the latest guidelines provided in the National Education Policy (NEP) 2020, as well as the National Curriculum Framework (NCF) 2023.

SPECIAL FEATURES:

- ★ **Let us Begin**, a warm-up to trigger interest of the learners in the chapter.
- ★ **As a Matter of Fact** is an interesting snippet of information.
- ★ **Take a Break** has in-text activities and inquiry-based questions.
- ★ **Mind Map** provides a visual recall of the chapter at a quick glance.
- ★ **Let us Think** has (HOTS) questions to nourish thinking abilities.
- ★ **Let us Have Fun** includes fun-filled and skill-based activities for classes 1 and 2.
- ★ **Let us do the Activity** includes skill-based activities for classes 3 to 5.
- ★ **Do and Learn** is a montage of colourful hands-on activities.
- ★ **Test Papers** facilitate assessment of the concepts learnt.

New

New Awareness Social Studies

for Classes 1 to 5

New Awareness Social Sciences

for Classes 6 to 8

New Awareness Social Studies is a series of five textbooks for students of classes 1 to 5. The series provides an interdisciplinary understanding of society and its functioning, keeping the 21st Century learners in mind. It creates awareness about the world around us – social, political, geographical and economic. The series fulfils the requirements of the National Education Policy (NEP) 2020 and the National Curriculum Framework (NCF) 2023.

SPECIAL FEATURES:

- * **Warm up** enriches and stimulates the mind.
- * **In-text questions** promote active learning and create an engaging learning environment.
- * **Exercise** aligns with competencies and curricular goals of NCF 2023.
- * **HOTS** encourages to think creatively and critically.
- * **Activity** encourages learning by doing.
- * **Life Skills** nurtures life-based learning and promotes social and emotional awareness.
- * **Have Fun!** stimulates brain development and sparks creative thinking.
- * **Worksheets** provide recapitulation of the topics learnt.

S. Chand's Headlights General Awareness and World Around Us

for Classes 1 to 5

S. Chand's Headlights aligns perfectly with the National Curriculum Framework 2023 and embraces the experiential approach rooted in 'learn by doing'. It has been meticulously designed to fulfil the most essential curricular goals and learning outcomes listed by the NCF 2023. Focussing on a seamless progression from simple to complex, the series is dedicated to fostering curiosity, critical thinking and application of knowledge in an interesting and exciting manner.

SPECIAL FEATURES:

Course Book:

- ★ Takes an innovative story-based approach, adding an exciting dimension to the learning process
- ★ Uses engaging plots and visually appealing illustrations not only to captivate learners but also to help them understand and internalise the main topics
- ★ Offers a rich learning experience for learners, focussing on conceptual clarity and skill development through a narrative

Project Booklet:

- ★ Uses visual infographs to communicate information quickly and clearly
- ★ Includes map work to help learners develop and enhance their map-reading and map-interpretation skills
- ★ Fosters emotional and social well-being of learners, equips them with essential life skills and helps them establish a cross-curricular connection with other disciplines

It's All About Us— Environmental Studies

for Classes 1 and 2

It's All About Us— Social Studies

for Classes 3 to 5

It's All About Us is a series that follows the latest syllabus guidelines of the Council for the Indian School Certificate Examinations. The series has Environmental Studies for classes 1 and 2 and Social Studies for classes 3 to 5. The books have interesting features that encourage the learner to ponder, comprehend and infer knowledge from the content that has been thoughtfully designed and presented.

SPECIAL FEATURES:

- * **Key Concepts**— from the syllabus lists what is being covered in the chapter.
- * **Stop to Answer**— questions in between the chapters that will enable the learners to ponder about the topic.
- * **Exercises**— interesting end-of-the-lesson exercises in accordance with the syllabus to discuss and test the learning and understanding of the topic.
- * **Picture Study**— allows to gauge the observational skill of the students and also their interpretation of the topic discussed.
- * **Project Work**— at the end of each lesson for application of knowledge learnt.

Knowledge Quest, a general knowledge series for Classes 1-8, is thoroughly researched and intuitively curated to deliver to students, not just questions and answers but also insights and ideas on how to process information into knowledge. Guided by NCERT curriculum recommendations, the series is planned meticulously to help the reader become a skilled observer of the world.

SPECIAL FEATURES:

- ★ Smartly curated themes such as Nature, Literature, Sports and History which crossover from school curriculum into the real world, thus bringing the subjects alive
- ★ Pertinent, contemporary themes: Work-Based Learning (Occupations), shared global legacies (Our Heritage), citizens' responsibilities (Social Awareness)
- ★ Content, concepts and syntax rooted in an understanding of learners' awareness levels and linguistic skills
- ★ Conversational writing style, which appears playful due to its inherent wordplay but is scientifically and intuitively graded to the comfort zone of each age group
- ★ Creative and interactive formats, such as crossword, acrostic, word maze, anagram, map activity and multiple-choice

Life with Values

for Classes 1 to 8

Living with Values

for Classes 1 to 8

Life with Values, a series on Value Education for classes 1 to 8 adheres to the Curriculum on Education for Peace prescribed in the National Curriculum Framework (NCF) to foster skills required for the 21st century. Over the last few decades, human values have deteriorated, and reviving these is the need of the hour. The entire society feels that being successful and rich without being a good human is of little value. These books aim at revamping morals that would stay with the learners for a lifetime.

SPECIAL FEATURES:

- ★ Learner-centric approach with graded and structured chapters.
- ★ Varied range of texts from diverse sources for a holistic approach.
- ★ Exercises and assessments structured to test multiple levels of intelligence.
- ★ Classroom activities to work towards the building of an interactive class.

The series seeks to empower learners to be active contributors in making a better society on the principles of tolerance, secularism, peace and fellow-feeling.

Art Exploration

for Nursery to Class 8

Art is one of the most joyful ways for children to explore, express, and create. The **Art Exploration** series for classes 3, 4, and 5 has been designed to make learning fun and meaningful, while building skills that support children's overall development. The books are thoughtfully aligned with the National Education Policy (NEP) 2020 and the National Curriculum Framework 2023 (NCF 2023), ensuring that every activity blends creativity with skill-building.

The series is organised into three engaging sections:

- ★ **Art & Craft** – Hands-on activities that encourage creativity, imagination, and motor-skill development through drawing, colouring, folding, pasting, and more.
- ★ **Calligraphy** – A gentle progression into strokes and letterforms, helping children refine control, neatness, and presentation in handwriting.
- ★ **Photography** – A creative introduction to visual storytelling, beginning with learning to observe closely, recognising the main subject in a picture, and understanding how photographs guide attention to what is important. Using a simple stencil viewfinder, children practise framing and focusing on details—without the use of gadgets.

AUTHOR(S):

Aarushi Chowdhry & Priya Goswami

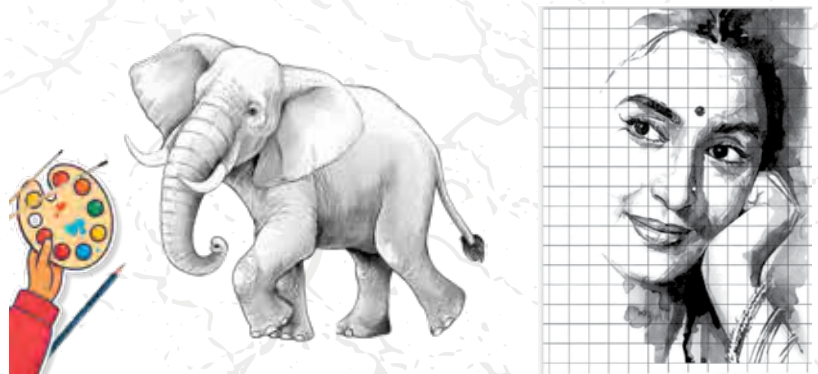

TITLES	ISBN

New Mylestone Art Exploration 7	978-93-5723-155-8
New Mylestone Art Exploration 8	978-93-5723-526-6

In this book, children will:

- ★ follow step-by-step activities supported by clear illustrations.
- ★ strengthen colour sense, spatial awareness, pattern recognition, and visual balance.
- ★ express feelings and ideas freely through shapes, colours, images, and creative work.
- ★ learn values of care, responsibility, and discipline while preparing and tidying up materials.
- ★ build early photography skills by practising observation, framing, and focus through a stencil viewfinder, and by appreciating how pictures can tell stories.

With safe, simple materials and thoughtfully designed activities, Art Exploration makes every brushstroke, fold, and new discovery with the viewfinder a step towards creativity, confidence, and joyful learning.

Art Exploration with New Mylestone – Your Runway to the Future!

Steps to Art

for Nursery to Class 8

Art plays a crucial role in learning by enhancing creativity, fine-motor skills, and imagination. This revised edition of **S. Chand's Steps to Art** introduces learners to the world of art, helping them build essential skills while having fun with hands-on activities. It embraces the experiential learning approach centred on the principle of 'learning by doing'.

The book is divided into three sections:

Colour and Craft: Explore creative projects with various materials and techniques, delving into the world of colours.

Drawing and Shading: Enhance your drawing skills with easy shading exercises using different pencils.

Hand Lettering: Master beautiful writing through fun hand-lettering projects.

SPECIAL FEATURES:

- ★ Clearly listed materials for craft and hand lettering activities
- ★ Step-by-step guide for activities that require extra attention
- ★ Tips and techniques for colouring, shading, and lettering
- ★ Fun facts and additional notes on various art forms
- ★ Detailed explanations of craft mediums and colouring tools
- ★ Guidance on pencil types and their uses in shading
- ★ Development of essential skills like cutting, pasting, colouring, and calligraphy
- ★ Promotes creativity, fine-motor skills, and spatial awareness among other skills

Draw & Colour

for Classes Pre-Primary to 5

Draw and Colour is a series of graded drawing and colouring books. The activities start with practical introductions to different colours and shapes, and then move on to complex and increasingly interesting activities. The tracing and colouring activities in the junior books are simple yet efficient, with scope for children to learn to draw objects and then colour them. The senior level books stress more on tracing complex shapes, subtle filling up of colours, different methods of colouring, collage making, fingerprinting, etc.

SPECIAL FEATURES:

- * Fosters creativity and self-expression through engaging art-based tasks
- * Enhances drawing, colouring, and fine motor skills in a fun and structured manner
- * Features carefully graded content that enables children to easily grasp and progressively build on the fundamentals of art

Art and Craft

for Pre-Primary to Class 8

This series of **Art and Craft** has been conceptualised to encourage free expression and creativity in children. Adhering to the guidelines provided by NCERT and various school boards across India, the activities in these books are explained through step-by-step instructions and beautiful illustrations. From easy doodling, crayon scribbling, and recognition and naming of colours in the pre-primary books to drawing and colouring techniques in the primary books, this series comprises it all! Children learn about various colouring media, techniques, elements of design, origami, collage making, and drawing and sketching as they graduate. Traditional and modern art is also introduced through fun-filled activities which are thoroughly enjoyable!

SPECIAL FEATURES:

- * A simple approach to make children understand different media of expression
- * Early introduction to art enhances fine motor skills, creative skills, and social and interpersonal skills.
- * Enhances hand-eye coordination and finger dexterity
- * Includes notes for teachers highlighting target skill set and concepts
- * Art activities also build confidence and self-esteem in children.

The Kannada Samputa

for Classes 1 to 5

The **Kannada Samputa** series has been thoughtfully designed in alignment with the latest guidelines of the **National Education Policy (NEP) 2020** and the **National Curriculum Framework (NCF) 2023**. The series aims to address the evolving educational needs of the 21st-Century learner by emphasising a comprehensive development of skills across multiple domains.

SPECIAL FEATURES:

- * In this series, learners acquire not only language skills, but also insights into life and the world around them.
- * The curriculum is designed to support both educational growth and personal development.
- * As learners grow, their awareness increases, and the curriculum is tailored to match their ability to grasp age-appropriate concepts.
- * Engaging lessons are complemented by a section called Bhashabhyasa (language practice), introducing Kannada grammar.
- * Various activities are included to reinforce grammar concepts.
- * The series promotes holistic educational development and personal growth of learners.

एस. चन्द हेडलाइट्स राष्ट्रीय पाठ्यचर्या की रूपरेखा 2023 के साथ पूरी तरह से मेल खाता है और 'करके देखें' में निहित अनुभवात्मक दृष्टिकोण को अपनाता है। इसे एन.सी.एफ. 2023 द्वारा सूचीबद्ध सबसे आवश्यक पाठ्यक्रम लक्ष्यों और परिणामों को पूरा करने के लिए सावधानीपूर्वक बनाया गया है। सरल से जटिल की ओर निर्बाध प्रगति पर ध्यान केंद्रित करते हुए यह शृंखला दिलचस्प और रोमांचक तरीके से जिज्ञासा, आलोचनात्मक सोच और ज्ञान के अनुप्रयोग को बढ़ावा देने के लिए समर्पित है।

मुख्य विशेषताएँ

- * पाठ्यपुस्तक शिक्षार्थियों को पूर्व-प्राथमिक चरणों के दौरान सीखी गई अवधारणाओं को दोबारा देखने और उन्हें सुदृढ़ करने में मदद करने के लिए (कक्षा 1 में) पुनरीक्षण अध्याय प्रदान करती है
- * यह साहित्य के माध्यम से भाषा पर जोर देती है, साथ ही शिक्षार्थियों को उनकी पढ़ने की क्षमताओं को बढ़ाने, शब्दावली और लेखन कौशल को समृद्ध करने के लिए मनोरम कहानियाँ भी प्रदान करती है
- * यह विषयों के माध्यम से सहानुभूति, सम्मान, ईमानदारी और जिम्मेदारी जैसे मूल्यों को बढ़ावा देती है
- * इसमें 21वीं शताब्दी के कौशल विकसित करने के लिए विशेष अभ्यास-कार्य दिए गए हैं
- * इसमें समस्या-समाधान गतिविधियों को शामिल किया गया है जो शिक्षार्थियों को विश्लेषणात्मक और रचनात्मक रूप से सोचने के लिए प्रोत्साहित करती हैं
- * कौशल पुस्तिका पाठ्यपुस्तक के अध्यायों से प्राप्त व्याकरण विषयों को समेकित करती है, जिससे आवश्यक भाषा संरचनाओं की मजबूत समझ सुनिश्चित होती है। यह श्रवण, वाचन, पठन और लेखन कौशल को भी संबोधित करती है और युवा मस्तिष्क को कविता की सराहना करने के लिए प्रोत्साहित करती है

अनुपम भारती (हिंदी पाठमाला)

कक्षा 1-8

मुख्य विशेषताएँ

पाठमाला

- अनुपम भारती हिंदी पाठ्यपुस्तक—माला नर्सरी से आठवीं कक्षा तक के विद्यार्थियों के लिए विकसित की गई है। यह आकर्षक, सचित्र व रंगीन पुस्तक—माला विद्यार्थियों को कक्षा के अनुसार सरल भाषा में पाठों का वृहद ज्ञान करवाती है
- प्रत्येक पाठ के अंत में पर्याप्त अभ्यास कार्य संलग्न है, जिससे विद्यार्थियों का भाषा ज्ञान, अभिग्रहण शक्ति तथा बौद्धिक स्तर ऊँचे हों
- इस पुस्तकमाला का संशोधित एवं रंगीन संस्करण नई शिक्षा पद्धति के अनुसार तैयार किया गया है, जिससे विद्यार्थियों का न केवल भाषा-योग्यता के क्षेत्रों में विकास हो अपितु उनके संस्कारपूर्ण व्यक्तित्व का निर्माण भी हो
- सरल भाषा से सुसज्जित इस पुस्तकमाला से विद्यार्थियों को कक्षानुसार हिंदी भाषा के वाक्य—विन्यास, वर्तनी प्रयोग तथा उच्चारण में पर्याप्त सहायता मिलेगी

अभ्यास पुस्तिकाएँ

- अनुपम भारती अभ्यास पुस्तिकाएँ भाषा के रचनात्मक और प्रायोगिक पक्ष पर बल देती हैं
- इनमें पाठों पर आधारित रचनात्मक अभ्यास और उनकी परख करने वाले प्रश्न दिए गए हैं
- इनमें सरल, सहज, रुचिकर प्रश्नों तथा भाषा की शुद्धता पर बल दिया गया है

बाल तरंग हिंदी पाठमाला

कक्षा 1-8

व्याकरण मंजुल

कक्षा 1-8

बाल तरंग हिंदी पाठमाला कक्षा एक से आठ की शृंखला सी.बी.एस. ई. एवं राज्य बोर्डों के लिए तैयार की गई है जिसकी पठन सामग्री को राष्ट्रीय शिक्षा नीति तथा राष्ट्रीय शैक्षिक अनुसंधान और प्रशिक्षण परिषद एन.सी.ई.आर.टी. के निर्धारित मानकों के निर्देशानुसार ही बनाई गई है। राष्ट्रीय शैक्षिक अनुसंधान एन.सी.ई.आर.टी. के मुख्य विषय बिंदु 'बिना मानसिक बोझ के शिक्षा' का पूर्ण रूप से निर्वाह किया है।

इन पुस्तकों की पाठ्य-सामग्री को शिक्षार्थियों के कक्षा-स्तर, उनकी मानसिक क्षमताओं, जिज्ञासा और ज्ञान के विभिन्न स्तरों को ध्यान में रखकर तैयार किया गया है। सरल सुंदर भाषा द्वारा उनमें हिंदी साहित्य के प्रति रुचि जगाना और विभिन्न विषयों की जानकारी उन्हें अपनी राष्ट्रभाषा के माध्यम से उपलब्ध करवाना इस पाठमाला का मुख्य उद्देश्य है।

मुख्य विशेषताएँ

- आकर्षक चित्रों से सजी, विविध विधाओं में संजोई, रोचक पठन-सामग्री
- सभी भाषा कौशलों जैसे सुनना, बोलना, पढ़ना, लिखना, चिंतन को यथोचित बढ़ावा
- अभ्यासों में विविधता, स्वयं करने की प्रेरणा और सरल विधि से व्याकरण-ज्ञान
- बातचीत के माध्यम से – पाठ के बीच-बीच में और अंत में – रचनात्मक अभिव्यक्ति, बुद्धि-चातुर्य, नैतिक मूल्यों तथा स्वस्थ जीवन-शैली से जुड़े क्रियाकलाप

व्याकरण मंजुल शृंखला (1 से 5) विभिन्न शैक्षिक बोर्ड्स और भाषाविदों के शोधानुसार निर्धारित पाठ्यक्रम के आधार पर तैयार की गई है। इस व्याकरण शृंखला का उद्देश्य है— खेल-खेल में सीखना और सीखकर उसे व्यवहार में लाना।

मुख्य विशेषताएँ

- आधुनिक परिवेश, विविध डिजिटल तकनीकी एवं समय की माँग के अनुरूप विषय-सामग्री को इस व्याकरण में संजोया गया है।
- छात्रों की सुनने, बोलने, पढ़ने तथा लिखने की दक्षताओं का विकास करने का प्रयास किया है।
- छात्र दैनिक जीवन से जुड़ी घटनाओं एवं परिस्थितियों के माध्यम से व्याकरण के विषयों को आत्मसात करें। इससे उन्हें नियमों को समझने और अभ्यास-पत्रों को हल करने में आसानी होगी।
- यथासंभव 'खेल-खेल में' के तहत रोचक गतिविधियाँ, अतिरिक्त जानकारी (Reading is fun), रंगीन चित्रों, मधुर संवादों, भाषा-खेल, बहुवैकल्पिक प्रश्नों, वर्ग-पहेली, शब्द-लड़ी, शब्द-चक्र, बूझो तो जानें, कठिन शब्द बोलना (Tongue twister), चित्र बनाना, रंग भरना, मिलान करना आदि नई-नई गतिविधियों के द्वारा व्याकरण सिखाया गया है।
- छात्रों के पुनर्निवेशन हेतु दो मॉडल प्रश्न-पत्रों के द्वारा इस व्याकरण को केवल एक पुस्तक ही नहीं अपितु एक सच्चा मित्र, एक मार्गदर्शक बनाने का अनूठा प्रयास किया गया है।

Solid Steps: Foundational program

for Classes K to 5

Solid Steps: Foundational program

for Classes K to 5

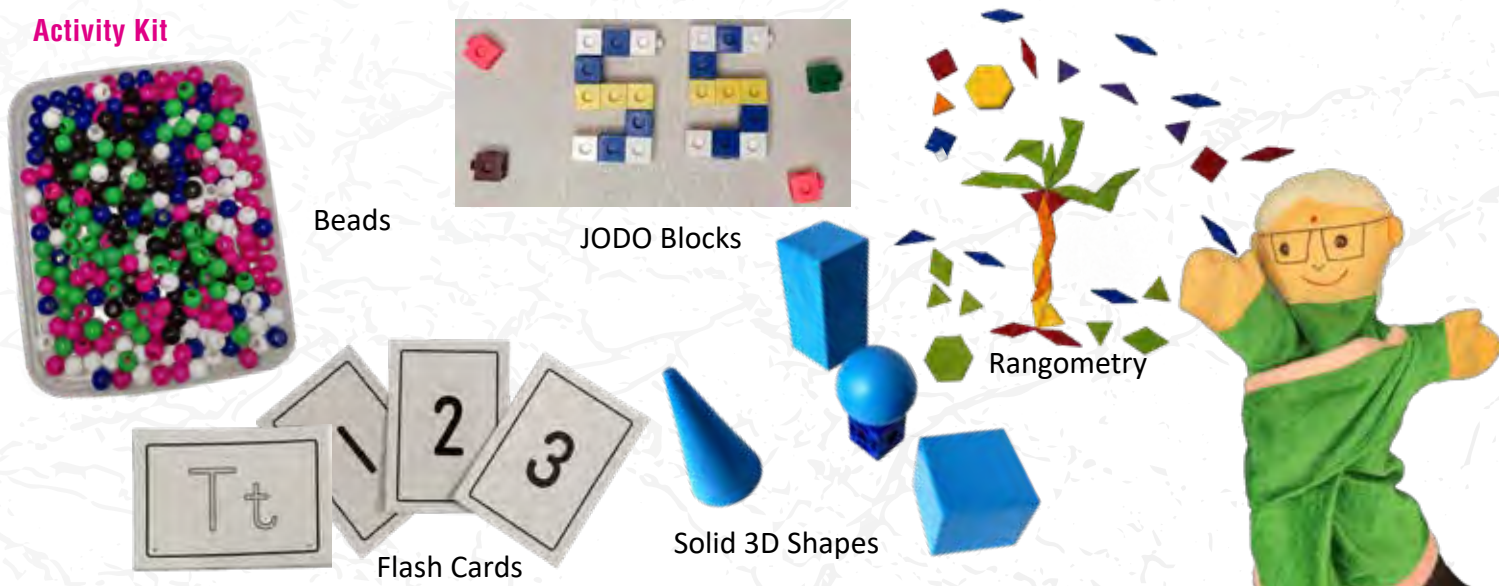

Solid Steps Revised Edition aligns perfectly with the NCF 2023 and NEP 2020 and embraces the experiential learning approach rooted in 'learning by doing'. It has been meticulously designed to fulfil the most essential curricular goals and learning outcomes listed by the NCF 2023. Focussing on a seamless progression from simple to complex, the series is dedicated to fostering curiosity, critical thinking and application of knowledge in an interesting and exciting manner.

SPECIAL FEATURES

- ★ Tasks mapped to the curricular goals and competencies mentioned in the NCF 2023 and NEP 2020 for pre -primary NCF FS (2022)
- ★ Subject-wise approach taps on the learners' prior knowledge, giving them confidence and opening their minds to new information
- ★ Subject-wise learning integrates Literacy, Numeracy and General Awareness using subjects, with tasks for Art-Integrated Learning
- ★ Topics in the subjects are introduced through pictures, stories, rhymes and songs to keep the learners engaged and interested
- ★ The practice sheets and activity sheets are aligned to the subjects and concepts covered in the books

Activity Kit

AUTHOR(S):

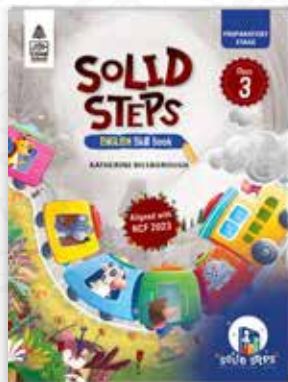

Nirupama Bafna, Apurwa Sharma, Aarushi Chowdhry, Rakhi Chawla, Katherine Bilsborough, L N Venkataraman, Deepa Bhandari, Mangala Dubey, Rashmi Mehra, Dr Seema Thakur

Solid Steps: Preparatory program

for Classes 3 to 5

Program Vision

Step into the Future | Step into Excellence

S Chand Publishing's Solid Steps Program is more than just a curriculum—it's a visionary journey that embraces the core principles we hold. Our program vision serves as a compass, guiding us toward creating an educational experience that transforms students into exceptional individuals ready to conquer the world.

NCERT Mathematics Practice Book

for Classes 1 to 8

Learning of Mathematics is not only about doing something over and over again but to revisit the concepts and ideas to learn them deeply and to use them in new ways.

The **NCERT Mathematics Practice Books** for classes 1 to 8 are designed to provide additional practice to the users of the NCERT Mathematics Textbooks as well as for the general practice of mathematical concepts.

SPECIAL FEATURES:

* The assignments

- are in accordance with the NCERT guidelines and cover each chapter of the NCERT textbooks.
- provide chapter-wise practice to reinforce concepts.
- are carefully graded so that the learner progresses smoothly from the basic to higher concepts.
- are designed in a manner so that the learner learns different methods to the same solution.

* Each assignment

- comprises a variety of situations to explore and appreciate the content in the chapters.
- prepares the learner for real-life application of the subject.
- introduces new ideas that uses the concepts in different ways.

* The books contain revision material in the form of Self Assessment at regular intervals. These help to revisit the concepts for further practice and strengthening conceptual learning.

* Answers for Selected Questions have been provided at the end of each book for classes 3 to 8.

NCERT English Practice Book

for Classes 1 to 8

The S. Chand NCERT Companion Series is a set of Practice Books designed in accordance with the NCERT guidelines to provide additional practice to the users of the NCERT textbooks.

The **NCERT English Practice Books** 1-8 serve as companions to NCERT's English Textbooks: Marigold (classes 1-5), Honeysuckle, Honeycomb and Honeydew textbooks (classes 6, 7 and 8 respectively).

The practice material has been placed in the form of worksheets. These worksheets are designed to provide ample opportunities to the learner to think, analyse and appreciate the English language independently.

SPECIAL FEATURES:

- * cover each chapter of the corresponding NCERT textbook.
- * are mapped to the corresponding NCERT textbooks to provide chapter-wise practice to reinforce the skills.
- * include complete coverage of all the skills taught in the textbooks: Literature, Grammar, Vocabulary, Writing and Speaking.
- * are carefully graded wherein the learner progresses smoothly with systematic practice of the content learnt in the textbooks.
- * are designed in a manner that the learner becomes adept at using the language as an effective means of communication in daily life and beyond.
- * include revision material in the form of Revision Tests to help in the recapitulation and evaluation of the concepts learnt.
- * include Projects to enhance creative skills and make learning enjoyable.

Treescape (Semester Course)

for LKG-UKG and classes 1 to 5

Treescape for classes LKG, UKG and 1 to 5 comprises a set of 14 books, 2 per class with 1 book for each semester. The core subjects are English, Mathematics, EVS/Science, Social Studies and GK. The course components derive from the guidelines provided in the National Curriculum Framework for School Education. In a semester course, the curriculum is rationally and pedagogically divided into two semesters per class to reduce burden on students, both physical and mental, and to encourage interdisciplinary teaching and learning.

SPECIAL FEATURES:

- ★ **Learning Outcomes/Objectives** Pointwise chapter content in brief.
- ★ **Here We Go!/Warm-up/Warming up/Let's Begin** An activity/question-based introduction to the chapter.
- ★ **Words to Know/Let's Learn the Meanings/New Words** Meanings of difficult words explained.
- ★ **Values and Life Skills/Let's Value** Questions/Activities based on real life applications.
- ★ **Challenge/Thinking Time/Think and Answer/Let's Think** HOTS questions to enhance analytical and critical thinking.
- ★ **MCQs** Option-based questions.
- ★ **Mind Map/Let's Remember/Points to Remember** Chapter summary for easy recapitulation.
- ★ **Project/Activity/Let's Do an Activity** Do-it-yourself hands-on activities to apply the concepts learnt.
- ★ **Let's Have Fun/Fun Activity** Light concept-based activities.
- ★ **Chapter Test/Worksheets/Test Papers** For self-assessment.

Learning Nest Semester Series

for classes 1 to 5

Learning Nest is a series of integrated coursebooks for classes 1 to 5. It comprises a set of 10 books—two for each class and one per semester. Designed by experienced teachers and subject experts, the course contents are broadly based on the latest guidelines outlined in the National Education Policy (NEP) 2020 and the National Curriculum Framework (NCF) 2023. The series adopts an activity-based, experiential approach to learning to promote holistic development of learners and develop 21st century skills.

SPECIAL FEATURES:

- * Carefully graded and interactive
- * Warm-up activities for easy recapitulation
- * Intext questions for quick assessment
- * Value-based questions which promote critical thinking, social and emotional awareness
- * Pair-work and group discussions promote communication and collaboration
- * Objective and subjective type questions for recall and revision
- * Art integrated activities for a creative learning experience
- * Connects to learner's surroundings and experiences
- * Enriches understanding and overall learning experience

S. Chand Map Workbook

for Classes 6 to 10

The **S. CHAND MAP WORKBOOK** has been designed to cover maximum parts of the CBSE syllabus for Geography, History, and Social and Political Life for Classes 6 to 8. The purpose of this book is to help students learn, understand, and enhance their knowledge of map reading, using practice lessons based on their course books.

Maps in this series follow Survey of India (SOI)-approved maps and guidelines, which includes international borders of India, coastlines. All map data validated and authenticated from reliable sources such as Statistical Yearbook 2018, the Census of India 2011 and India Book 2022.

SPECIAL FEATURES:

- ★ All the books are in four colours, which makes the maps more appealing and facilitates better understanding.
- ★ All three sections—Geography, History, and Social and Political Life—have been shown in different colours for easier reading and navigation.
- ★ The Table of Contents is mapped per the CBSE syllabus and includes certain additional topics.
- ★ Updates such as new union territories of Jammu & Kashmir and Ladakh; and Dadra & Nagar Haveli, Daman and Diu have been placed properly.
- ★ All the maps are on true scale to the geographical features they project.
- ★ Each topic includes an observation page and an activity page. Additional practice maps have also been provided in certain topics for revision.

S Chand Atlas For ICSE Schools

for Classes 1 to 8

The S. Chand Atlas for ICSE Schools is a comprehensive and fully updated edition, making it an ideal first reference for students. Thoughtfully designed for the new-age students of geography and social studies, it aligns closely with the latest ICSE syllabus for classes 6 to 10.

The atlas equips learners with detailed maps, thematic overviews, and up-to-date data, offering a perfect blend of physical and cultural geography. The primary section introduces students to the fundamentals of cartography and geography. While the later sections explore major themes such as landforms, climate, agriculture, wildlife, population, environmental issues, and natural hazards. Together, these features ensure a deeper understanding of concepts and better exam readiness.

Why Choose This Atlas?

More than just a collection of maps, this atlas serves as a navigational tool that fosters spatial awareness, comparative skills, and an understanding of the changing world. It links Earth's physical features with human societies and historical events, fostering curiosity, analytical thinking, and responsible global citizenship.

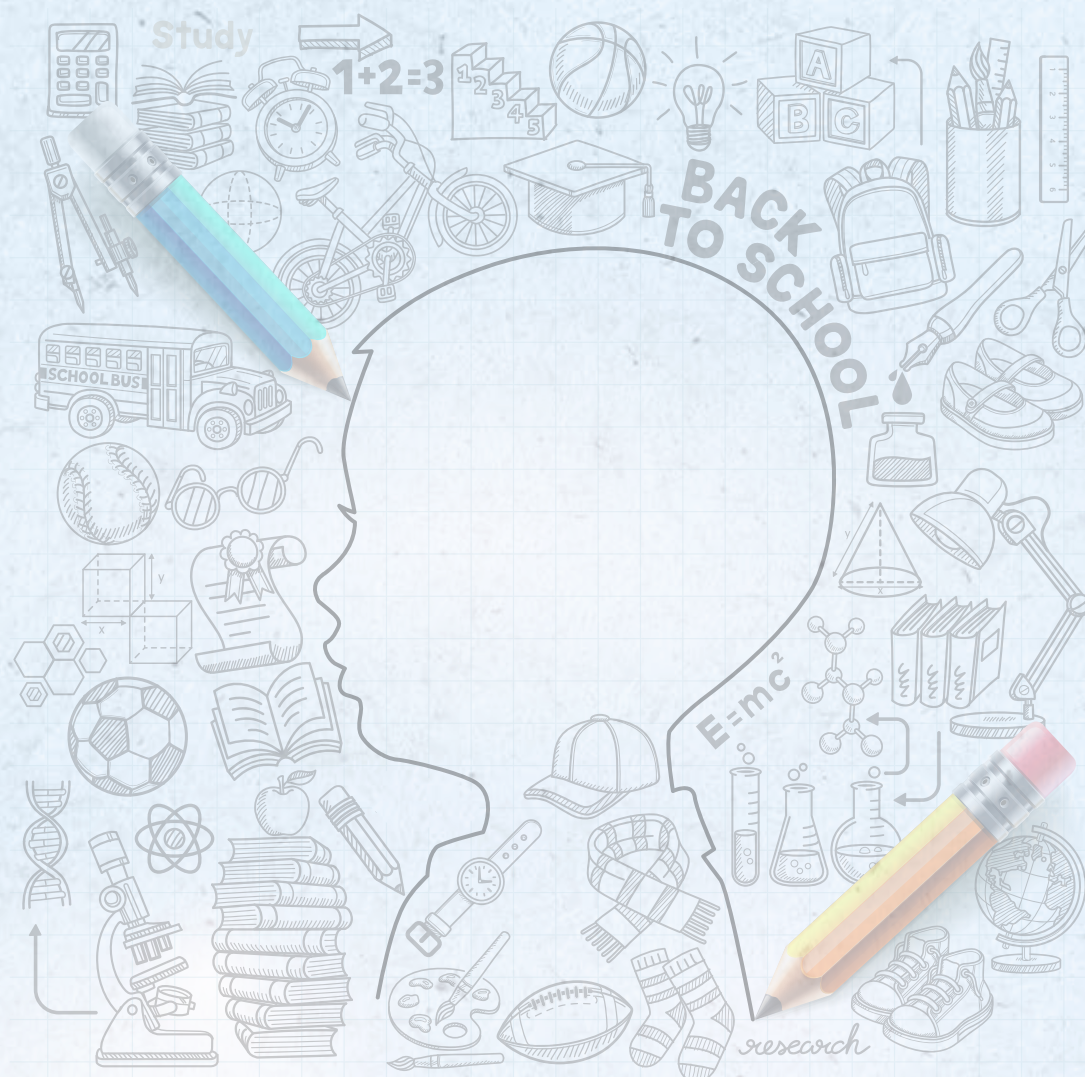

SPECIAL FEATURES:

- ★ Comprehensive coverage: includes physical, political, and thematic maps of the world, India, and all continents
- ★ ICSE-aligned content: follows the latest ICSE social studies curriculum for classes 6 to 10
- ★ Student-friendly design: contains simple, well-labelled maps with legends, scales, and grid references for easy interpretation
- ★ Thematic depth: covers climate, industries, agriculture, natural vegetation, minerals, transport, and population with updated data
- ★ State-wise India section: includes dedicated maps for each Indian state and union territory with physical, political, and economic details
- ★ History and heritage additions: highlights world civilisations, reform movements, heritage sites, and explorers
- ★ Skill development: encourages spatial thinking, comparative learning, and analytical reasoning for projects and exam readiness

Complete Foundation Guide for IIT-JEE/NEET

for Classes 6 to 10

Complete Foundation Guide for IIT-JEE/NEET is a five-level series that prepares the learners for Olympiads, competitive or entrance exams thus establishing a firm foundation of the subject by supporting in cracking IIT-JEE, NEET or other entrance examinations and ensuring success. The book is equipped with features that imprint concepts in the most comprehensive ways.

SPECIAL FEATURES:

Maths for Classes 6-8

- ★ **Knowing a Legend** is a section that introduces an inspiring Math prodigy or a Scientist to students.
- ★ **3 levels assignments** as Easy Go, Step Up, Toughen Up, preparing the children for cracking IIT entrance & JEE was never so effective before. Every chapter will have a session of questions under name IIT-JEE corner.
- ★ **Topic Tree** helps the children to remember how the topics and the sub-topics are connected.
- ★ **Target@ Competitive Examinations** section is a quick summary of the important points that students need to glance through before they face any competitive exams.
- ★ **Math Flash** randomly occurs throughout the book to give a quick fact or a curt information about an idea related to the topic.
- ★ **Twiddle 'n' Riddle** gives a quick witty challenge to the students.
- ★ **Mock Tests** give a hands-on simulating experience of actual competitive examinations.

Science for Classes 6-8

- ★ **Knowing a Legend:** Chapter starts with a motivating information about a scientist and a relevant discovery/invention that inspires learners.
- ★ **Nutshell:** It provides a brief insight into the chapter.
- ★ **Synopsis:** These are the key concepts provided in a simple language supported by adequate examples, illustrations, diagrams and pictures to make learning interesting.
- ★ **Solved Examples:** Questions with solutions are provided for better understanding of the concept.
- ★ **Concept Cruise:** It gives a concrete idea of every concept taught in the chapter.
- ★ **Practice Paradise (3 levels):** Every chapter has a session of questions under different sections.
- ★ **IIT Corner:** It is a collection of challenging questions based on IIT pattern.
- ★ **Reasoning and Aptitude:** It is a detailed chapter to hone logical reasoning skills.
- ★ **Mock Tests:** Two mock tests have been provided along with the instructions, OMR sheets to mark answers and answer keys.

For Classes 9-12

- ★ **Knowing a Legend** has brief information about a Scientist or a Mathematician.
- ★ **Mind Map** gives a concrete idea of all the concepts taught in the chapter.
- ★ **Key Concepts** given in simple and lucid language with adequate examples, and equally supported by appropriate illustrations, diagrams, flowcharts and pictures.
- ★ **Concept Test Exercises** are in-text exercises which help to enhance the knowledge.
- ★ **Solved Examples** are questions with solutions provided for better understanding of the concept.
- ★ **Exercises** have been divided into categories, such as Subjective Type Questions, Single Correct Type Questions, Multiple Correct Type Questions, Passage Type Questions, Assertion & Reason Type Questions, Matrix Type Questions and Integer Type Questions.
- ★ **Hints & Solutions** will help the students to solve the difficult problems.

New

PRE-PRIMARY

Bob and Bini

For Nursery, LKG and UKG

Hi, friends! We are Bob and Bini, and we are here, with a revised series, to take you on a fantastic journey of learning. In this adventure, we have a set of four themes to explore – I Am Special, World Around Me, Travel and Holidays and Nature. These themes, aligned with the NCF 2022 and NEP 2020, tap into your natural curiosity to motivate and excite you to learn more. The theme-based approach builds a bridge between different topics, subjects and skills. It helps you see the connections in the world around you and makes learning an enriching experience.

SPECIAL FEATURES

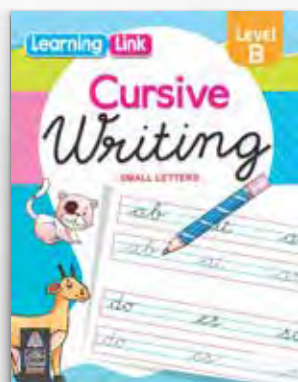

- * Tasks mapped to the curricular goals and competencies mentioned in the NCF 2022 and NEP 2020
- * Thematic approach taps on the learners' prior knowledge, giving them confidence and opening their minds to new information
- * Theme-based learning integrates Literacy, Numeracy and General Awareness using themes, with tasks for Art-Integrated Learning
- * Topics in the themes are introduced through pictures, stories, rhymes and songs to keep the learners engaged and interested
- * The practice sheets and activity sheets are aligned to the themes and concepts covered in the theme books
- * Theme culmination activities summarise the complete theme and allow a smooth transition into the next theme

Learning Link - Level A-C

For Nursery, LKG and UKG

Learning Link series has been designed keeping in mind the developmental requirements of early childhood stage. It adopts a well-structured and comprehensive approach to facilitate learning and promote children's natural capacity to learn. It focusses on building concepts and strengthening skills through developmentally appropriate reading and writing activities. The books in this series stimulate children's curiosity and imagination and ensure their smooth transition from preschool to primary school.

SPECIAL FEATURES:

- * Works across academic boards
- * Expected learning outcomes are compatible with the learning abilities of children at this stage
- * Reading, activity and value-based learning aim at all-round development of children
- * Motivates children to learn on their own
- * Application of concepts in the form of activities and revision exercises to make learning fun
- * Promotes higher order thinking skills
- * Focusses on multiple concepts through common activities
- * Develops vocabulary, early literacy and numeracy skills, and cognitive abilities
- * Develops concentration, oral skills and communication skills
- * Develops life skills, critical thinking, expression and fine motor skills

Balu & Bela–Happiness Programme

For Nursery, LKG and UKG

Balu & Bela Happiness Programme has been conceptualised to help children acquire skills and abilities in all-round development. This three-levelled course comprises clear concept-building, ample practice, creative expression, well-thought-out games and interactive activities. It closely relates to the guidelines of NEP 2020 which recommends joyful learning for foundational stage kids. Children are equipped to boost their working memory, focus their attention and acquire self-control through interesting activities in this programme.

SPECIAL FEATURES:

- ★ Builds foundational literacy, numeracy, cognitive abilities and creative skills and prepares kids for formal schooling
- ★ Conforms to experiential and experimental methods of learning through interactive, group and team activities
- ★ Adopts activity-based, play-based and fun-oriented approach to teach basic concepts
- ★ 15 activity books added to each level, based on themes recommended by NEP 2020 for foundational years
- ★ Includes teacher's handbook and detailed lesson plans for 175 working days with suggested teaching environment and creative methods to implement the programme
- ★ Continuous support round the year through digital resources that include e-books, stories for reading readiness, vocabulary builder, printable worksheets, and a lot more

Picture Book of ABC

for ages 3-5

My First Word Book

for ages 4-6

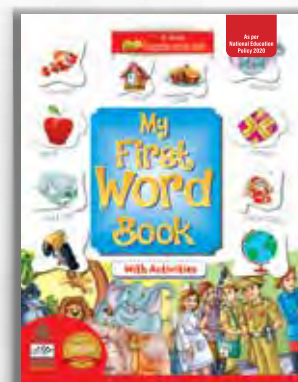

Picture Book of ABC is designed to prepare young minds to take their first steps into learning preschool concepts in a confident way. It is an essential young learner's companion. The book is basically a reader with lots of amazing illustrations to facilitate easy and effective word-picture association skills in children, and in the process, build vocabulary. Children will recognise the letters of the English alphabet and associate them with the pictures given. This book is an essential tool for initiating children into the process of learning.

SPECIAL FEATURES:

- * Aims at assisting beginners to recognise and learn English alphabet.
- * An essential tool for developing word-picture association skills.
- * Develops vocabulary with the use of pictures.
- * Develops observational and visual-discrimination skills.
- * Enhances pre-reading skills in children.
- * Enjoyable activities at regular intervals make learning fun.
- * Colourful illustrations add to the joy of learning.

TITLES	ISBN
Picture Book of ABC	978-93-8604-691-8

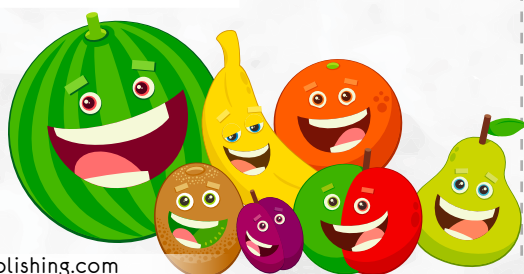

A strong vocabulary is crucial for the development of linguistic and reading skills in children. It is easier for children to understand what they are reading if they are able to associate it with the object being spoken about.

My First Word Book intends to introduce children to new words so that they can exhibit an enriched vocabulary. The book aims to accomplish this task by employing the method of word-picture association. Children find it easier to learn words if they are provided something to associate them with. Everyday things that they see, the people they interact with, the places they visit, the food they eat—can all be identified with words. **My First Word Book** enables children to learn all these words so that they can use them to express themselves more articulately.

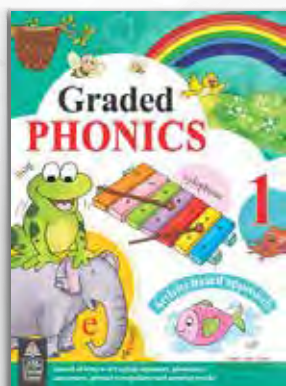

SPECIAL FEATURES:

- * The book enhances vocabulary-building in children.
- * Use of the method of word-picture association makes it easier for children to identify objects.
- * Colourful illustrations make learning new words doubly interesting.
- * The wide variety of activities in the book makes the learning experience dynamic.
- * The activities lend the book versatility as children can develop, apart from their linguistic skills, logical thinking, observational skills and fine motor skills.

TITLES	ISBN
My First Word Book	978-93-8604-692-5

Graded Phonics

'**Graded Phonics**' is a series of three books, carefully graded to develop phonemic awareness and lay the foundation for spelling and word recognition skills. It adopts a systematic and fun-oriented way to introduce phonics to early learners. It aims to simplify phonics rules and complex word structures.

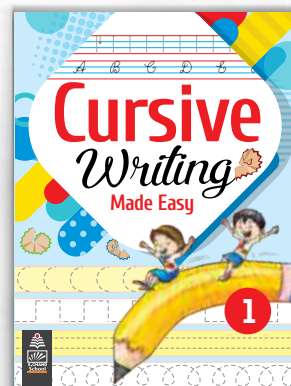

Each reading activity in the books is followed by a practice activity to stimulate interest, reinforce concepts and help children put their skills into practice. Bright and lively layout, supported by colourful illustrations, makes the learning process enjoyable.

SPECIAL FEATURES:

- * Improves ability to blend sounds into words
- * Develops pronunciation and spelling skills
- * Develops listening, reading and writing skills
- * Develops linguistic skills
- * Builds vocabulary
- * Notes given on each page highlight the skill sets being developed through the activities

Graded Phonics 1	978818497803-2
Graded Phonics 2	978818497804-9
Graded Phonics 3	978818497805-6

Cursive Writing Made Easy

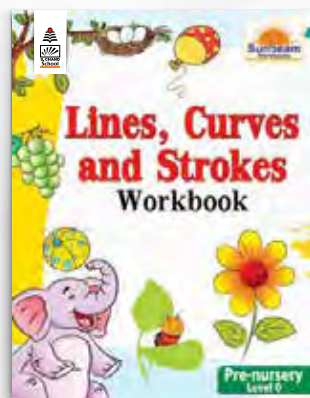

'**Cursive Writing Made Easy**' series, comprising books 1-5, is designed not just to enhance the handwriting skills of children, but to instill in them a flow that channels itself through the hand and brain, both. It starts with drawing lines and strokes and writing letters, moves to writing words, and then progresses to writing complete sentences.

SPECIAL FEATURES:

- * The exercises are designed to strengthen, enhance and refine students' cursive writing skills.
- * Graded content in the books ensure a gradual progression in the learners' writing skills.
- * Regular cursive writing practice, following the exercises in the books, results in increased efficiency in retaining information.
- * The exercises are designed to develop cognitive and fine motor skills in children.
- * Beautiful design and layout of the books retain students' attention and give them enough space for practice.

Sunbeam Series

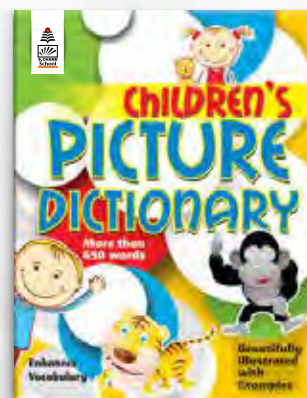

'Sunbeam' is a series of self-guided workbooks designed for sequential building up of fundamental skills. Extensive practice exercises in the workbooks make the curriculum more accessible and less intimidating to children. The structured exercises help ease the learning process by simplifying the concepts and making use of colourful and appealing illustrations. Besides building foundational literacy and numeracy skills, the workbooks support holistic learning by developing critical thinking, logical reasoning, cognitive skills, communication skills and fine motor coordination.

SPECIAL FEATURES:

- * Assists in conceptual clarity with extensive practice exercises
- * Develops graphomotor skills
- * Promotes visual motor integration
- * Activates major regions of the brain involved in thinking and working memory
- * Revision exercises measure progress
- * Builds vocabulary
- * Forms good study habits
- * Progressive approach to mastering essential early learning concepts
