India Knowledge

S Chand offers a complete range of print and online school resources for young learners, teenagers, and adults. We are committed to the development of relevant, innovative, and updated teaching materials. Our objective is to provide solutions for both educators and learners across subjects in K to 12 segments and across national and state boards.

It has to its credit many popular titles by renowned authors in subjects like mathematics, science, english, etc. Its innovative print and digital content meets the current needs and anticipates how teachers will be teaching in the future. It is a powerhouse of knowledge that has won accolades for commendable work in educational technology solutions, innovations in pedagogy and innovative learning tools, textbooks, teacher training, assessments, analytics, school management, and preschool learning materials.

Our K-8 books are covered by the company replacement warranty.

Publisher's Warranty: *The Publisher warrants the customer for a period of 1 year from the date of purchase of the book against any manufacturing defect, damage or loss of book.*

This National Education Policy (NEP) envisions an education system which provides high-quality education to all, and thereby making India a global knowledge superpower. Education must develop not only cognitive capacities but also social, ethical, and emotional capacities and dispositions.

S Chand books adhere to the essence of the NEP in its resources through

Emphasis on **conceptual understanding** rather than rote learning

Creativity and critical thinking to encourage logical decision-making and innovation

Holistic education through cross curricular activities covering science, maths, social sciences, languages, fine arts, sports, etc.

Focus on regular formative assessment for learning rather than the summative assessment

The English Cruise

for Classes 1 to 8

The English Cruise is an integrated skills course, based on insightful experiences of practising teachers and ELT experts, as well as the transformation taking place in the classroom methodology keeping in view the changing linguistic and communicative needs of the learners. It follows the fundamentals of NEP and is aimed at fostering skills required for the 21st century.

SPECIAL FEATURES:

COURSEBOOKS

- * A wide range of poetry and prose from different literary genres and across the globe, aimed to develop comprehension skills and create global citizens
- * A carefully graded grammar syllabus with structures, comprehensive rules and tasks which lead to its usage
- * A study skills section on spelling, pronunciation, dictionary research, and punctuation
- * Writing tasks to promote creative, imaginative, and critical thinking skills
- * Art Corner to provide opportunities for art-integrated learning
- * Listening and speaking activities to help build oral-aural competence
- * Values and life skills tasks to promote social and emotional awareness and a positive attitude

WORKBOOKS

- * Unit-wise thematic link of the worksheets to the coursebook
- * Exercises to reinforce and extend the learner's vocabulary and writing skills

LITERATURE READERS

- * Reading selections that represent a variety of literary genres like poetry, drama, short story, and autobiography

- * Tasks and exercises to encourage learners to understand and appreciate the texts
- * Reading tasks to introduce the learners to literary appreciation and build analytical skills.
- * Teacher's Resource Kit for each textbook, with lesson plans, answer keys to the exercises and additional worksheets to facilitate the teaching process.

P C Wren's Grammar

for Classes 1 to 8

P C Wren's Grammar is the revised edition of the series, based on user feedback, comprising eight English grammar textbooks for classes 1 to 8. Acknowledged as one of the best and most authoritative of traditional grammars for children, the series has been specially designed to meet the needs of the learners in the primary and middle schools today.

SPECIAL FEATURES:

- * Includes carefully graded material across the series with special focus on structure and usage; less analysis; and more examples and exercises.
- * Spiral gradation leading to cumulative learning as children progress through classes, and revisit certain topics, with more depth and complexity.
- * **Activity-based material** to enhance creative skills and to make learning enjoyable.
- * **Comprehension and composition** exercises with solved examples and scaffolding for enhancing reading skills, the ability to draw inferences, and encourage independent writing.
- * A special section on vocabulary with extended drilling of spellings and usage of words.
- * **Listen and speak** section to hone the oral-aural skills of the learners and to provide a more wholesome exposure in the learning of the English language.
- * **Revision sections**, three in each book, to help in the recapitulation and evaluation of what has been learnt.
- * **Teacher's Manual** for each textbook, with answer keys to the exercises and additional worksheets to facilitate the teaching process.

New Self-Learning English Course with Activities

for Classes Nursery to 8

New Self-Learning English Course with Activities is the revised and upgraded edition of the series, based on insightful user feedback. A series of ten textbooks for Nursery to Class 8, this new edition aims to fulfil the need for developing interactive and communicative skills of the learners from an early age.

SPECIAL FEATURES:

- * **Reading Comprehension** New passages and poems with attractive, child-friendly illustrations to foster reading skills and show the use of grammar in context.
- * **Grammar** Carefully graded grammar within each book and across levels to acquaint the learners with the basics of grammatical concepts.
- * **Vocabulary** Exercises to introduce learners to new words and terms while building upon their existing active vocabulary.
- * **Pronunciation** New section on pronunciation helps learners speak English correctly with the right accent and pronunciation. The learners are also introduced to the IPA (International Phonetic Alphabet) and RP (Received Pronunciation).
- * **Writing** A variety of carefully structured writing exercises with worked out samples and scaffolding to help learners write independently in different formats, and develop their functional and creative writing skills.
- * **Listening and Speaking** Tasks to develop careful listening for varied purposes, build oral competence and enhance auditory processing.
- * **Test Papers** Two test papers in each textbook to assess and evaluate learners' understanding of what has been taught.
- * **Teacher's Manual** for each textbook, with answer keys to the exercises and additional worksheets to facilitate the teaching process.

New

New MathsWiz

for KG to Class 5

MathsWiz

for Classes 6 to 8

New MathsWiz/MathsWiz, a series of nine textbooks for KG to Class 8, is a course based on the National Curriculum Framework and the guidelines provided therein. The content is student-centred and activity-based, laying the utmost emphasis on developing problem-solving skills and encouraging the child to think creatively and work independently.

SPECIAL FEATURES

- ★ **Warm Up** for refreshing the concepts learnt earlier
- ★ Extensive drilling, including **Class Work**, **MCQs**, with an integrated Chapter Test in each chapter
- ★ **Maths Lab Activities**, **Fun Activities**, **Projects** etc. facilitate hands-on learning
- ★ **Mental Maths** to sharpen the mathematical skills
- ★ **Challenge (HOTS)** involves the learning of complex judgemental skills
- ★ **Enrichment** provides facts and encourages to think creatively.
- ★ **Worksheets** provide interactive and application-based activities
- ★ **Model Test Papers** for better evaluation

An Easy Approach to ICSE Mathematics

for KG to Class 8

An Easy Approach to ICSE Mathematics, a new series for KG to Class 8 has been designed to meet the needs and challenges of Mathematics learning in modern classroom. The content is student-centred and activity-based, laying utmost emphasis on developing problem-solving skills and encouraging the child to think creatively and work independently.

SPECIAL FEATURES

- * **Warm-Up** to refresh the concepts learnt earlier
- * **Worksheets** provide interactive and application based activities
- * **Fun Activities** and **Projects** ensure active participation of the learner
- * **Challenge!** questions involve the learning of complex judgemental skills
- * **Chapter Assessment** in each chapter to keep the students in constant touch with the concept learnt earlier
- * **Mental Maths** exercises to develop the ability for quick response
- * **Maths Alert!** to warn against likely mistakes and misconceptions
- * **Model Test Papers** to help in evaluation and self assessment of the understanding of the topics learnt

S. Chand's Smart Maths

for KG to Class 8

S. Chand's Smart Maths, emphasizes the interdisciplinary approach and application of mathematics to real-world situations. Throughout the books, students are encouraged to explain and discuss their mathematical thinking. Opportunities to verbalise their thoughts and strategies give children the chance to clarify their thinking and gain insights from others.

SPECIAL FEATURES

- ★ **What Learners will Achieve/Learning Outcomes** at the beginning of each chapter clearly defining the goals of study.
- ★ **Warm-up** for quick and easy recapitulation.
- ★ **Remember** and **Note** sections given to recapitulate important points learnt.
- ★ **Watch Your Step!** section to warn against likely mistakes and misconceptions.
- ★ **Skill Check/Practice** section interspersed within the text for self-testing.
- ★ **Smart Time**, to engage children in mathematical discussion and activities to establish a learning environment of fun and enjoyment.
- ★ **Open-ended Question** to encourage thinking and to boost self confidence.
- ★ **Work in Mind** to improve a child's memory.
- ★ **Objective Moves** to ensure enough quick practice opportunity for learner as per the CBSE guidelines.
- ★ **Did you know?** to provide interesting mathematical facts.
- ★ **Let Us Assess** consisting of a mix of objective- and subjective-type questions for revision.
- ★ **Maths Art** providing good opportunities to use learner's creativity to reveal connection between Maths and Art.
- ★ **Projects** help the children to improve the planning and critical thinking ability.

The **Self Assessment** is based on the guidelines provided by the board. We hope these will prove highly useful in understanding the standards expected by the frames of the new design suggested in **NEP**.

New Learning Composite Mathematics

for KG to Class 8

New Learning Composite Mathematics, a series for KG to Class 8, has been designed in the light of latest curriculum with some additional features as well as appropriate gradation. This revised series has been structured and designed to meet the challenges of mathematics learning as well as the needs of a broad range of students. The content is designed to reach all learners in the classroom irrespective of their skill levels or learning capabilities.

SPECIAL FEATURES

The series adheres to the latest National Curriculum Framework and the textbooks have been designed in accordance with the latest guidelines laid down by the NCERT.

The books follow an interactive teaching-learning pedagogy to ensure maximum participation of the children. The series has been designed to help students acquire basic skills/core competencies in mathematics and apply the same for computation and problem solving in real-life situations.

- * **Learning Outcomes** at the beginning of each chapter clearly define the goals of study.
- * **Warm-up** for quick and easy recapitulation.
- * **Remember** and **Note** sections are given to recapitulate important points learnt.
- * **Activities/Maths Lab Activities** wherever appropriate within the text, are easy to do for practical verification.
- * **Quick Assessment** questions are interspersed within the text for quick self-testing.
- * **Maths Alert!** section warns against likely mistakes and misconceptions.
- * **Mental Maths** to develop child's thinking skills.
- * **Projects** to explain difficult concepts.
- * **Challenge!** questions within the text prompt the students to think out of the box.
- * **Did You Know?** provides interesting facts to enhance learning.
- * **Assessment Zone** (Model Test Paper) consists of a mix of objective- and subjective-type questions for the purpose of recall and revision.

New Mathematics Today

for KG to Class 8

New Mathematics Today, a thoroughly revised series for KG to Class 8, has been designed as per the requirements of the latest curriculum.

Based on user feedback, it gives us great pleasure to bring out this revised edition. This series has been rehashed and redesigned incorporating the current global trends and International practices, the latest philosophy and policy of providing stress-free education. The emphasis throughout the books are on a student-centred and activity-based approach to relate mathematical concepts to real-life situations.

SPECIAL FEATURES

- * These books follow strictly, the new syllabus.
- * Each chapter begins with a **Warm Up** or motivating paragraph or story.
- * All the mathematical concepts have been presented in a very simple and lucid form.
- * To facilitate easy and better understanding, each unit is divided into a number of subunits with short and separate practice exercises on each subunit.
- * Each chapter contains **Maths Lab Activities**, **Fun Activities**, **Worksheets** and **Projects** to ensure active participation of the learner.
- * **Maths Alert!** warns against likely mistakes and misconceptions.
- * **Mental Maths** exercises help the students acquire speed and sharpen their intellect.
- * **Remember** and **Maths Facts** to recapitulate important points learnt in the chapter.
- * **Revision Exercises** help in evaluating the assimilation of concepts learnt in the chapter.
- * Two **Model Test Papers** help in evaluation and self-assessment.
- * The problems given in the books avoid tedious calculations and help in strengthening the understanding of basic principles, honing the faculties of thinking and reasoning.

Challenge! and **Enrichment Material** offer further intellectual challenge. These help students not only to maintain their interest in the subject but would also be of immense help in preparing for competitions such as Mathematics Olympiad at various levels.

Self-learning Mathematics Practice Book

for Classes 1 to 5

Self-learning Mathematics Practice Book is a series of five books for Classes 1 to 5. This series attempts to hone the mathematical skills of children by making their classroom experience more engaging.

The best way of learning a subject is through practice, practice, and more practice. This is best done through a balance of homework assignments and in-class practice sessions. This series of books contain activities and materials to actively engage students in mathematical explorations.

An attempt is made in the series to approach mathematical concepts from different perspectives.

SPECIAL FEATURES

- ★ **Real-life** application worksheets.
- ★ **Mental Maths, Multiple Choice Questions** and **Activities** introduced to sharpen the mathematical skills.
- ★ Attractive layout and design with ample writing space.
- ★ **Chapter Test** papers at the end of each chapter can be used for chapter evaluation.
- ★ **Periodical Assessment** and **Model Test Papers** have been introduced for better evaluation.
- ★ **National Science Talent Search Examination (NSTSE)** and **International Mathematics Olympiad (IMO)** sample papers have been included for children who decide to appear in these tests.

[NSTSE is a national-level scholarship programme. It is one of the most prestigious examinations in India. The IMO is a means to identify and encourage the mathematical creativity of children studying in schools across India and abroad.]

In these books, the gradation of mathematical practice is done in such a way that it develops students' interests and engages them in the discipline of the subject as they grow through elementary, middle and high school years.

New Composite Mathematics

for LKG to Class 5

Composite Mathematics

for Classes 6 to 8

SPECIAL FEATURES

- * Theory is presented in a very simple language supported with examples.
- * A section called **Activity-Time** containing relevant Maths Lab activities has been added to each chapter.
- * A section called Assessment with 2 parts has been added to each chapter:
 - Question Bag-1** consisting of multiple choice questions.
 - Question Bag-2** consisting of a self-assessment test in which short answer questions, true/false questions and fill in the blanks have been given.

Wonder Maths is a series of eight books for classes 1 to 8 that adheres to the National Curriculum Framework and is designed as per NCERT syllabus. Mathematics is about developing an understanding of the mathematical concepts and being able to use them in real life situations. Based on this understanding, this series is designed on the 'learning by doing' approach. It makes learning mathematics an exciting process.

Lakhmir Singh's Science

for Classes 1 to 8

Lakhmir Singh's Science is a series of books for Classes 1 to 8 which conforms to the NCERT syllabus. The main aim of writing this series is to help students understand difficult scientific concepts for each class that is available in a simple and easy language.

SPECIAL FEATURES:

- * Basic concepts of science explained in a simple yet effective manner.
- * Simple and direct approach has been followed, sufficient for self-study.
- * A large number of pictures and sketches of various scientific processes, procedures, everyday situations of scientific principles.
- * **Learning Objectives** gives a bird's eye view of the topics covered in each chapter.
- * **Know More** are fun facts which add interesting information to the content.
- * **Activity** encourages learning by doing and develops observation, data collection, and inferential skills.
- * **Summary** recapitulates the chapter in a point-wise manner.
- * **21st Century Skills** encourage logical decision-making and innovation.
- * Ample practice to reinforce and test the concepts in each chapter.
- * **Glossary** covers important terms for a quick recap.
- * The digital content supplements book content through visuals, experiments, animations, interactive exercises and additional information.

APP-BASED VIDEOS 6 TO 8:

- * **My Studygear App** enables students to access interesting videos related to the topics they have studied in the chapter. Two videos have been given for each chapter.
- * **VRX (Virtual Reality Experiences) App** enables students to experience a whole new way of learning.

Be Curious, Be Wise

for Classes 1 to 5

Be Curious, Be Wise, a series of 5 books for Science which conforms to the CBSE/NCERT syllabus and the guidelines of the NEP 2020 through emphasis on **conceptual understanding**, **creativity**, **critical thinking**, and **holistic education**.

SPECIAL FEATURES:

- * **Learning Objectives:** Gives a complete idea of the coverage of topics in one quick glance.
- * **Think and Answer:** To develop higher order thinking skills and to assess the effectiveness of the teaching programme.
- * **Concept Map:** Given after main topics inside a chapter, helps in revision.
- * **Do You Know?** Interesting facts related to topic in-hand, breaks the monotony.
- * **Let's Do It:** To encourage learning by doing and develop experimental skills.
- * **Do It Right:** Life skills which link learning of science to our daily life and inculcate values.
- * **Test Your Understanding:** In-text questions for easy recapitulation.
- * **Keywords:** Important terms given for a quick recap.
- * **Know Your Scientist:** Inspires children by taking them through the journey of science and the scientists.
- * **Summary:** Enable quick recap in point-wise manner.
- * **Exercises:** Graded exercises to assess different skills through Objective, Subjective, Picture-based and Application-based questions.
- * **Worksheets:** To assess the effectiveness of the learning through interesting activities and also reinforce the concepts.

Science Mission

for Classes 1 to 8

A series of 8 books for Science which conforms to the CBSE/NCERT syllabus and the guidelines of the NEP 2020. There is one book for each Class - for Classes 1 to 8.

SPECIAL FEATURES:

- * **You Will Learn About:** Gives a complete idea of the coverage of topics in one quick glance.
- * **Good to Know:** Interesting facts related to topic in-hand, breaks the monotony.
- * **Additional Learning:** Extension of the topic being taught.
- * **Learn that:** Important points of the topic being taught for easy understanding.
- * **Activity:** Science experiments that can be performed in labs or hands on.
- * **Note:** Important info pertaining to support text, primarily in Activities.
- * **In Brief:** Enable quick recap in point-wise manner.
- * **Terms At A Glance:** Meanings of difficult terms.
- * **Exercises:** Varied kinds of exercises to assess different skills through Objective and Theoretical questions.
- * **Thinking Skills:** To develop higher order thinking skills and to assess the effectiveness of the teaching.
- * **Life Link:** Life skills which link learning of science to our daily life and inculcates values.
- * **Project:** Practical application of science to make something meaningful.
- * **Learning Beyond Classroom:** Questions, activities, discussion that strengthen understanding of important concepts beyond the classroom situations.

It's All About Science

for Classes 1 to 8

A series of 14 books for Science based on ICSE syllabus. There is one book for each Class - for Classes 1 to 5. Classes 6, 7, 8 have been divided into Physics, Chemistry and Biology - 3 books for each class.

SPECIAL FEATURES BOOKS 1 TO 5:

- * **Objectives** clearly lay down the key concepts.
- * **Warming Up** is aimed at initiating discussions in class.
- * **Did You Know** are some amazing facts that support the text.
- * **Internet Links** help acquire wider knowledge, carry out research, conduct experiments and play educational games.
- * **Points to Remember** provides quick revision.
- * **Mind Maps** capture scientific information concisely.
- * **Exercises** include questions to assess how far the students have imbibed the key concepts of the chapter.
- * **Thinking Questions** are intended to reinforce the concepts and inculcate thinking skills.
- * **Fun to Do** encompasses a variety of projects, experiments, information gathering and presentation, field trips, etc.
- * **Science in Everyday Life** provides interesting information about using the ideas of the chapter in our day-to-day life.
- * **Two Sample Test Papers** to assess how far the student has understood the important concepts taught in every chapter.

SPECIAL FEATURES BOOKS 6 TO 8:

- * **Key Concepts** highlight the main points and key ideas.
- * **Checkpoint** are in-text exercises to assess how far the student has learnt the concept.
- * **Science Guru** are snippets about eminent scientists.
- * **Activity** are experiments to have hands-on-learning.
- * **Keywords** are brief explanation of the important terms.
- * **Summary** is a recap of the facts.
- * **Numericals** give variety of sums and numerical problems for Physics and Chemistry.
- * **Get it Right** are discussion on common misconceptions in Biology.
- * **Project** given at the end of the chapter to have in-depth conceptual understanding.
- * **Sample Test papers** are the assessment tool for periodic test.

Wonder Science for Classes 1 to 8

S. Chand's Science for Classes 6 to 8

Wonder Science series of 8 books conforms to the guidelines and syllabus prescribed by the National Council of Educational Research and Training. The content and the activities in the books are based on the experiential learning approach, where students are given opportunities to perform different tasks and construct their own understanding. The teachers can encourage students to question their knowledge and check it by performing different activities or experiments.

SPECIAL FEATURES:

- * **Learning Objectives:** The broader objectives that describe what students will learn in a chapter.
- * **Warm-up Activity:** Activity to recapitulate previous concepts and build interest.
- * **Activities and Experiments:** Hands-on activities and experiments for students to perform and apply their conceptual understanding.
- * **Knowledge Check:** In-text exercises to test student's understanding of concepts.
- * **Go Green:** Tasks or activities to create awareness towards healthy environment and surroundings.
- * **Do You Know?** Provides interesting facts connected to the concepts.

Awareness Science for Classes KG to 5

Awareness Science for Classes 6 to 8

A series for Science textbooks for Classes KG to 5. These books follow the CBSE/NCERT framework.

SPECIAL FEATURES:

- * **Learning objectives** clearly lay down the expected outcome of each chapter.
- * **Warm up** at the beginning of each chapter involves the students by bringing out what they already know and initiating discussions.
- * Emphasis is given on understanding concepts using very simple explanations and language.
- * **HOTS** (Higher Order Thinking Skills) questions encourage creative thinking, application, and problem-solving skills.
- * Multiple Choice Questions (MCQs) are included in exercises.
- * **Linked Internet sites** in each chapter help the children acquire wider knowledge, carry out research, conduct experiments, and play educational games.
- * **Project section** provides a variety of projects—find out, do it yourself experiments, model making, observation and deduction, information gathering and presentation, field trips, etc., to develop various skills.

Clouds – Learning Computers and Coding (Windows 10 and Office 2016)

for Classes 1 to 8

Clouds – Learning Computers and Coding, a series of Computer Science for classes 1-8 is based on Windows 10 and MS Office 2016.

SPECIAL FEATURES:

- * Carefully selected and graded content
- * Theoretical concepts explained with lots of daily life examples
- * Stepwise explanation of programs with clear screenshots
- * Coverage of latest terms and technologies
- * Inculcation of in-depth problem solving and programming skills
- * Sufficient lab activities to ensure practical learning
- * Activities based on Art Integrated Learning (AIL)
- * Cross Curricular links to make learning fun
- * A section on Computers and Health including tips to minimize health issues while working on computers
- * Guided Projects containing a step-by-step approach to guide students complete a project
- * Sample Test Papers for self-assessment
- * A section on Olympiad Bot containing practice questions for National Cyber Olympiad

AUTHOR(S):

Deepa Bhandari (Books 1 to 5), Sarika Kaushal (Books 6 to 8)

COVERAGE:

This series is created on the principles of developing skill education and covers a wide range of topics including

- * Windows Accessories (Paint, Paint 3D, WordPad, Internet Explorer)
- * MS Office 2016 programs (Word, PowerPoint, Excel)
- * Open Source software (Tux Paint, LibreOffice)
- * Programming Language (Python)
- * Coding (ScratchJr, Scratch)
- * Website designing (HTML, CSS)
- * Photo editing software (GIMP)
- * Animation software (Stykz)

Step By Step Computer Learning (Windows 10 and Office 2016)

for Classes 1 to 8

A series of 8 books for Classes 1 to 8 for Computer Science. It is based on Windows 10 and Office 2016 and follows a simple course structure. Screenshots are linked to text for an easy understanding.

SPECIAL FEATURES:

- * Simple language to explain concepts and theories.
- * Graded selection of content to learn effectively.
- * Coverage of latest technologies to keep children apprised of the latest trends.
- * Large number of screenshots to help children understand various concepts clearly.
- * Steps are numbered and linked to the screenshots.
- * **Objective** provides a glimpse of topics covered in the chapter.
- * **Do you know** presents interesting information about the computer world.
- * **IT Wizard** are snippets about eminent scientists in the field of Computer Science.
- * **Smart Tip** provides useful tips and short-cuts about the topic in hand.
- * **Summary** gives a brief about the important concepts taught in the chapter.
- * **Exercises** has a varied range of questions to evaluate the learning outcome of the chapter.
- * **Lab Activity** helps in practical application of the concept learnt.
- * **Sample Test Papers** to assess mid-term and end-term content coverage.

Friends of the Earth

for Classes 1 to 5

Friends of the Earth is a carefully graded Environmental Studies series for classes 1 to 5. The series adheres to the National Curriculum Framework 2005 and the books have been designed in accordance with the latest guidelines laid down by the NCERT.

SPECIAL FEATURES:

- * **Let's begin**, a warm-up to the chapter being studied.
- * **As a matter of fact**, give extra interesting and informative trivia.
- * **What do you think?** is a box having in-text questions.
- * **Mind map** enables the learners to have a quick glance at the flow-chart based summary of the chapter.
- * **Let's remember** recapitulates the salient points learnt in the chapter.
- * **Word meanings** provides meanings of difficult words from the chapter.
- * **Let's answer** has ample exercises that help the learner to practice what has been learnt.
- * **Let's do the activity** includes fun-filled activities.
- * **Let's look in the map** enhances the understanding of the geographical locations covered.
- * **Let's think** encourages the learner to apply Higher Order Thinking Skills.
- * **Let's have fun** includes crosswords, word search grids and many other projects.
- * **Let's value** includes life skill activities.
- * Doublespread (one per book) highlights a contemporary topic.
- * **Test papers** facilitate teachers in assessment of learning.

Earth Alive— Environmental Studies

for Classes 1 and 2

Earth Alive—Social Studies

for Classes 3 to 5

Earth Alive is a series of books that conform to the CBSE guidelines and the National Curriculum Framework.

The series has Environmental Studies for classes 1 and 2 and Social Studies for classes 3 to 5.

The series has been designed to empower young learners to observe and learn about their immediate surroundings and also about the world. The books aim to familiarise primary students with the subjects in an easy-to-understand and child-friendly manner.

SPECIAL FEATURES:

- * Child-friendly layout and attractive illustrations make learning enjoyable.
- * **Warm up** activities at the beginning of each lesson
- * It's Amazing that gives interesting facts.
- * **Project time** that encourages the learners to do simple projects on what they have learnt.
- * **Thinking time** encourages the learner to apply Higher Order Thinking Skills.
- * **Let's recall** recapitulates the salient points learnt in the chapter.
- * **Answer time** has ample exercises that help the learner to practice what has been learnt.
- * **Test papers** help the teacher to assess what has been learnt.

SPECIAL FEATURES:

- * **Warm up** activities at the beginning of each lesson.
- * **Fact file** gives interesting and informative facts.
- * **Project time** encourages the students to do simple projects on what they have learnt.
- * **Thinking time** assists the students to apply Higher Order Thinking Skills.
- * **Let's recall** recapitulates the salient points learnt in the chapter.
- * **Answer time** has ample exercises that help students to practise what has been learnt.
- * **Test papers** help the teacher to test what has been learnt.

Life with Values

for Classes 1 to 8

Living with Values

for Classes 1 to 8

Life with Values, a series on Value Education for classes 1 to 8 adheres to the Curriculum on Education for Peace prescribed in the National Curriculum Framework (NCF) to foster skills required for the 21st century. Over the last few decades, human values have deteriorated, and reviving these is the need of the hour. The entire society feels that being successful and rich without being a good human is of little value. These books aim at revamping morals that would stay with the learners for a lifetime.

SPECIAL FEATURES:

- ★ Learner-centric approach with graded and structured chapters.
- ★ Varied range of texts from diverse sources for a holistic approach.
- ★ Exercises and assessments structured to test multiple levels of intelligence.
- ★ Classroom activities to work towards the building of an interactive class.

The series seeks to empower learners to be active contributors in making a better society on the principles of tolerance, secularism, peace and fellow-feeling.

Book 4:	978-93-5501-453-5	Book 8:	978-93-5501-461-0

SPECIAL FEATURES:

- ★ The series highlights basic values which need to be built into our character. Most of these values are universal, but they are also firmly rooted in Indian soil.
- ★ The series tries to sensitize students on the need for mutual respect and understanding.
- ★ Through folk tales, fables and real-life stories, the series tries to reinforce the values of peace, brotherhood and co-operation.
- ★ This series is practical in the sense that the solutions given are direct and easy to follow. These books have a lot of scope for individual and group activities, games and creative work in the classroom.

Draw & Colour

for Classes Pre-Primary to 5

Draw and Colour is a series of graded drawing and colouring books. The activities start with practical introductions to different colours and shapes, and then move on to complex and increasingly interesting activities. The tracing and colouring activities in the junior books are simple yet efficient, with scope for children to learn to draw objects and then colour them. The senior level books stress more on tracing complex shapes, subtle filling up of colours, different methods of colouring, collage making, finger painting, etc.

SPECIAL FEATURES:

- * Art and craft activities included in the books promote creativity
- * Develops drawing, colouring and fine motor skills
- * Progression through these graded books makes it easy for children to understand the basics of art.

Art and Craft

for Classes Pre-Primary to 8

This series of Art and Craft books has been conceptualised to encourage free expression and creativity in children. Adhering to the guidelines provided by NCERT and various school boards across India, the activities in these books are explained through step-by-step instructions and beautiful illustrations. From easy doodling, crayon scribbling, and recognition and naming of colours in the pre-primary books to drawing and colouring techniques in the primary books, this series comprises it all! Children learn about various colouring media, techniques, elements of design, origami, collage making, and drawing and sketching as they graduate. Traditional and modern art is also introduced through fun-filled activities which are thoroughly enjoyable!

SPECIAL FEATURES:

- * A simple approach to make children understand different media of expression
- * Early introduction to art enhances fine motor skills, creative skills, and social and interpersonal skills.
- * Enhances hand-eye coordination and finger dexterity
- * Includes notes for teachers highlighting target skill set and concepts
- * Art activities also build confidence and self-esteem in children.

Coursebooks, Workbooks, Teacher Manuals (TMs Class 1 to 5)

बाल तरंग हिंदी पाठमाला

भाग 1 से भाग 5 तक

व्याकरण मंजुल

भाग 1 से भाग 5 तक

‘बाल तरंग हिंदी पाठमाला’ कक्षा एक से लेकर पाँच पुस्तकों की शृंखला को आपके कर-कमलों में समर्पित करते हुए हमें अपार हर्ष हो रहा है। इन पुस्तकों की पठन सामग्री का संयोजन, राष्ट्रीय शैक्षिक अनुसंधान और प्रशिक्षण परिषद (एन. सी. ई. आर. टी.) के मुख्य विषय बिंदु – ‘बिना मानसिक बोझ के शिक्षा’ को ध्यान में रखकर किया गया है तथा निर्धारित मानकों तथा निर्देशों का पूर्ण निर्वाह किया गया है।

यह पुस्तकमाला बच्चों के कक्षा-स्तर तथा मानसिक-स्तर को ध्यान में रखकर रची गई है। परंपरागत, आधुनिक तथा समसामयिक विषयों पर लिखित पाठों द्वारा बच्चों में हिंदी भाषा साहित्य के प्रति रुचि जगाना और विभिन्न विषयों की जानकारी उन्हें अपनी राष्ट्रभाषा के माध्यम से उपलब्ध करवाना इस पाठमाला का मुख्य उद्देश्य है।

मुख्य विशेषताएँ :

- आकर्षक चित्रों से सजी, विविध विधाओं में सँजोई, रोचक पठन-सामग्री
- सभी भाषा कौशलों जैसे सुनना, बोलना, पढ़ना, लिखना, चिंतन को यथोचित बढ़ावा
- अभ्यासों में विविधता, स्वयं करने की प्रेरणा और सरल विधि से व्याकरण-ज्ञान
- बातचीत के माध्यम से – पाठ के बीच-बीच में और अंत में – रचनात्मक अभिव्यक्ति, बुद्धि-चातुर्य, नैतिक मूल्यों तथा स्वस्थ जीवन-शैली से जुड़े क्रिया-कलाप

व्याकरण मंजुल शृंखला (1 से 5) विभिन्न शैक्षिक बोर्डस और भाषाविदों के शोधानुसार निर्धारित पाठ्यक्रम के आधार पर तैयार की गई है। इस व्याकरण शृंखला का उद्देश्य है—खेल-खेल में सीखना और सीखकर उसे व्यवहार में लाना।

मुख्य विशेषताएँ :

- आधुनिक परिवेश, विविध डिजिटल तकनीकी एवं समय की माँग के अनुरूप विषय-सामग्री को इस व्याकरण में सँजोया गया है।
- छात्रों की सुनने, बोलने, पढ़ने तथा लिखने की दक्षताओं का विकास करने का प्रयास किया है।
- छात्र दैनिक जीवन से जुड़ी घटनाओं एवं परिस्थितियों के माध्यम से व्याकरण के विषयों को आत्मसात करें। इससे उन्हें नियमों को समझने और अभ्यास-पत्रों को हल करने में आसानी होगी।
- यथासंभव ‘खेल-खेल में’ के तहत रोचक गतिविधियाँ, अतिरिक्त जानकारी (Reading is fun), रंगीन चित्रों, मधुर संवादों, भाषा-खेल, बहुवैकल्पिक प्रश्नों, वर्ग-पहेली, शब्द-लड़ी, शब्द-चक्र, बूझो तो जानें, कठिन शब्द बोलना (Tongue twister), चित्र बनाना, रंग भरना, मिलान करना आदि नई-नई गतिविधियों के द्वारा व्याकरण सिखाया गया है।
- छात्रों के पुनर्निवेशन हेतु दो मॉडल प्रश्न-पत्रों के द्वारा इस व्याकरण को महज़ एक पुस्तक ही नहीं अपितु एक सच्चा मित्र, एक मार्गदर्शक बनाने का अनूठा प्रयास किया गया है।

NCERT Mathematics Practice Book

for Classes 1 to 8

Learning of Mathematics is not only about doing something over and over again but to revisit the concepts and ideas to learn them deeply and to use them in new ways.

The S. Chand NCERT Companion Series is a set of Practice Books designed to provide additional practice to the users of the NCERT textbooks.

The **NCERT Mathematics Practice Books** for classes 1 to 8 are designed to provide additional practice to the users of the NCERT Mathematics Textbooks as well as for the general practice of mathematical concepts. These books serve as companions to the NCERT Mathematics Textbooks: Math-Magic for classes 1 to 5 and Mathematics for classes 6 to 8.

SPECIAL FEATURES:

* The assignments

- are in accordance with the NCERT guidelines and cover each chapter of the NCERT textbooks.
- provide chapter-wise practice to reinforce concepts.
- are carefully graded so that the learner progresses smoothly from the basic to higher concepts.
- are designed in a manner so that the learner learns different methods to the same solution.

* Each assignment

- comprises a variety of situations to explore and appreciate the content in the chapters.
- prepares the learner for real-life application of the subject.
- introduces new ideas that uses the concepts in different ways.

* The books contain revision material in the form of Self Assessment at regular intervals. These help to revisit the concepts for further practice and strengthening conceptual learning.

* **Mental Maths** practice given in each book sharpens the learner's mind by making them quicker with their facts and calculations.

* **HOTS** section in each chapter of classes 6 to 8 encourages thinking and develops problem solving skills.

* **Class Activities** at the end of each book for classes 1 to 5 provide ideas to connect mathematics to day-to-day life.

* **Answers for Selected Questions** have been provided at the end of each book for classes 3 to 8.

NCERT English Practice Book

for Classes 1 to 8

The S. Chand NCERT Companion Series is a set of Practice Books designed in accordance with the NCERT guidelines to provide additional practice to the users of the NCERT textbooks.

The **NCERT English Practice Books** 1-8 serve as companions to NCERT's English Textbooks: Marigold (classes 1-5), Honeysuckle, Honeycomb and Honeydew textbooks (classes 6, 7 and 8 respectively).

The practice material has been placed in the form of worksheets. These worksheets are designed to provide ample opportunities to the learner to think, analyse and appreciate the English language independently.

SPECIAL FEATURES:

- * cover each chapter of the corresponding NCERT textbook.
- * are mapped to the corresponding NCERT textbooks to provide chapter-wise practice to reinforce the skills.
- * include complete coverage of all the skills taught in the textbooks: Literature, Grammar, Vocabulary, Writing and Speaking.
- * are carefully graded wherein the learner progresses smoothly with systematic practice of the content learnt in the textbooks.
- * are designed in a manner that the learner becomes adept at using the language as an effective means of communication in daily life and beyond.
- * include revision material in the form of Revision Tests to help in the recapitulation and evaluation of the concepts learnt.
- * include Projects to enhance creative skills and make learning enjoyable.

एन.सी.ई.आर.टी. हिंदी अभ्यास—पुस्तिका

भाग-1 से भाग-8 तक

एन.सी.ई.आर.टी. पुस्तकों पर आधारित ये अभ्यास—पुस्तिकाएँ कक्षा 1 से 8 तक के लिए हैं। इन पुस्तकों को सी.बी.एस.ई. के वर्तमान दिशा—निर्देशों तथा एन.सी.ई.आर.टी. पाठ्यक्रम के आधार पर तैयार किया गया है।

मुख्य विशेषताएँ :

- प्रत्येक कक्षा के स्तर के अनुरूप अभ्यास—पुस्तिका में विषय—संबंधी प्रश्नों का समावेश।
- एन.सी.ई.आर.टी. के पाठ्यक्रम के अनुसार व्याकरण से संबंधित प्रश्नों का समावेश।
- एन.सी.ई.आर.टी. द्वारा निर्धारित पठन व लेखन कौशलों से संबंधित प्रश्नों का समावेश।
- विद्यार्थियों की मूल्यांकन क्षमता को बढ़ाने हेतु मूल्यांकित प्रश्नों का समावेश।
- विषय को रोचक व मनोरंजक ढंग से समझाने के लिए रचनात्मकता का समावेश।
- विषय को समझने हेतु सरल व स्पष्ट भाषा का प्रयोग।

लेखकगण :

डॉ. सुबोध कुमार मिश्रा दिल्ली के प्रतिष्ठित स्कूल सेंट फ्रांसिस, जनकपुरी में पिछले चौदह वर्षों से हिंदी विभाग के अध्यक्ष के रूप में कार्यरत हैं। इन्होंने सी.बी.एस.ई. द्वारा आयोजित कार्यशालाओं में हिस्सा लेकर अनेक पुरस्कार अर्जित किए हैं। इसके अतिरिक्त सी.बी.एस.ई. द्वारा चलाए गए कार्यक्रम 'हिंदी पाठ्यक्रम का पुनः अवलोकन' में भी इन्होंने महत्वपूर्ण भूमिका निभाई है। शैक्षिक स्तर पर इनकी रचनाएँ अत्यंत लोकप्रिय हैं।

श्रीमती मोनिका कपूर आई.टी.एल. पब्लिक स्कूल में हिंदी विभाग की अध्यक्ष के रूप में कार्यरत हैं। इन्हें कविता, कहानी, लेख, निबंध आदि हिंदी की सभी विधाओं में महारत प्राप्त है। इन्हें अपने लेखन और रचनात्मकता के कारण अनेक पुरस्कार प्राप्त हुए हैं। इन्हें हिंदी के उत्थान एवं प्रचार—प्रसार के लिए समर्पित संस्था हिंदुस्तानी भाषा अकादमी की प्रमुख सदस्या बनने का गौरव भी प्राप्त है। सामाजिक और शैक्षिक स्तर पर इनकी अनेक पुस्तकें प्रकाशित हो चुकी हैं।

Revised Monthly Term Books

for Classes 1 to 5

Revised Monthly Term Books (MTB) is an innovative and integrated course designed for the students of grades 1 to 5. The series adheres to the guidelines provided in the National Curriculum Framework for school education.

In each grade, there are eight books for eight terms – Book 1 to Book 8. Subjects being taught in grades 1 and 2 are **English, Mathematics, Environmental Science, Computer Science, Value Education** and **General Knowledge**. In grades 3 to 5, the subjects are **English, Mathematics, Science, Social Studies, Computer Science, Value Education** and **General Knowledge**.

The series has been created with the prime objective of providing quality education while reducing the physical and mental burden on students.

SPECIAL FEATURES:

- * **You Will Learn About/Check In** Mini content that outlines the chapter so that students know the topics covered.
- * **Here We Go!/Warm Up/Boarding Pass** Stimulating activities in this section serve to build up interest of students and explore the requisite pre-knowledge in them, emphasising on participative approach.
- * **Words to Know/Vocabulary/Key Terms/New Words** Give the meanings of the difficult words for easy comprehension.
- * **It's Amazing/Did You Know/Fact Lounge/Fact File/Do You Know** Give interesting snippets of information on the related concept.
- * **Values and Life Skills/Life Skills** Integrated with concept-based questions and activities founded on real-life scenarios so as to help students relate to such situations.
- * **HOTS/Thinking Time/Think and Express/Think and Discuss/Think and Reflect** Develop in students reasoning and logical thinking ability for analysing, synthesising, applying, and evaluating information.
- * **Maths Lab Activity/Project Time/Activity/Explore/Hands On Time/Project Time/Let's Do** Cover varied and interesting do-it-yourself hands-on tasks linked to the concept given in the chapter.
- * **Let's Recall/Now I Know/Destination/Let's Recall/Mind Map** Sum up the important information from the text for quick recapitulation.

Complete Foundation Guide for IIT-JEE

for Classes 6 to 10

Complete Foundation Guide for IIT-JEE is a five-level series that prepares the learners for Olympiads, competitive or entrance exams thus establishing a firm foundation of the subject by supporting in cracking IIT-JEE or other entrance and ensuring success. The book is equipped with features that imprint concepts in the most comprehensive ways.

SPECIAL FEATURES:

Maths - 6-8

- ★ Knowing A legend is a section that introduces an inspiring Math prodigy or a Scientist to students.
- ★ 3 levels assignments as Easy Go, Step Up, Toughen Up, preparing the children for cracking IIT entrance & JEE was never so effective before. Every chapter will have a session of questions under name IIT-JEE corner.
- ★ Topic Tree helps the children to remember how the topics and the sub-topics are connected.
- ★ Target@ Competitive Examinations section is a quick summary of the important point that students need to glance through before they face any competitive exams.
- ★ Math Flash randomly occurs throughout the book to give a quick fact or a curt information about an idea related to the topic.
- ★ Twiddle 'n' Riddle gives a quick witty challenge to the students.
- ★ Word Junction introducing and enriching mathematics terminology also acts as a key in making students stronger in the subject.

Science - 6-8

- ★ Knowing a Legend: Information about a Scientist and a relevant discovery/invention.
- ★ Nutshell: A brief insight into the chapter.
- ★ Key Concepts: Simple language with adequate examples and supported by illustrations, diagrams and pictures.
- ★ Solved Examples: For better understanding of the concept.
- ★ Concept Cruise: Concrete idea of every concept shown through a detailed concept-map.
- ★ Quick Look: Summary of the important points for easy recapitulation.
- ★ Checklist: Self-evaluation at the end of the chapter.
- ★ Practice Paradise (3 levels):
- ★ Germinators-Simple, direct, regular objective type questions.
- ★ Catalysts-Comparatively difficult objective type questions including Assertion and Reasoning type questions.
- ★ Tough Testers-Challenging questions.
- ★ Olympiad Mock Tests: Two mock tests to give a true hands-on by simulating the actual Olympiads and other competitive exams.

For Classes 9-12

- ★ Knowing a Legend has brief information about a Scientist or a Mathematician.
- ★ Mind Map gives a concrete idea of all the concepts taught in the chapter.
- ★ Key Concepts given in simple and lucid language with adequate examples, and equally supported by appropriate illustrations, diagrams, flowcharts and pictures.
- ★ Concept Test Exercises are in-text exercises which help to enhance the knowledge.
- ★ Solved Examples are questions with solutions provided for better understanding of the concept.
- ★ Exercises have been divided into categories, such as Subjective Type Questions, Single Correct Type Questions, Multiple Correct Type Questions, Passage Type Questions, Assertion & Reason Type Questions, Matrix Type Questions and Integer Type Questions.
- ★ Hints & Solutions will help the students to solve the difficult problems.

Balu & Bela–Happiness Programme

For Nursery, LKG and UKG

Balu & Bela Happiness Programme has been conceptualised to help children acquire skills and abilities in all-round development. This three-levelled course comprises clear concept-building, ample practice, creative expression, well-thought-out games and interactive activities. It closely relates to the guidelines of NEP 2020 which recommends joyful learning for foundational stage kids. Children are equipped to boost their working memory, focus their attention and acquire self-control through interesting activities in this programme.

SPECIAL FEATURES:

- * Builds foundational literacy, numeracy, cognitive abilities and creative skills and prepares kids for formal schooling
- * Conforms to experiential and experimental methods of learning through interactive, group and team activities
- * Adopts activity-based, play-based and fun-oriented approach to teach basic concepts
- * 15 activity books added to each level, based on themes recommended by NEP 2020 for foundational years
- * Includes teacher's handbook and detailed lesson plans for 175 working days with suggested teaching environment and creative methods to implement the programme
- * Continuous support round the year through digital resources that include e-books, stories for reading readiness, vocabulary builder, printable worksheets, and a lot more
- * Attractive school bag available for each level

Bright Kids - Kindergarten Series

Bright Kids forms a cohesive course for pre-primary children focussing on inherent skill development. It employs an engaging method to develop conceptual clarity and ensure effective learning. Interesting activities in the books develop visual discrimination skills, fine motor skills, and visual and auditory memory.

This is an activity-based pre-school series designed to lay the foundation for life-long learning and overall development. It comprises eight books – English OA & OB, Maths OA & OB, EVS OA & OB, Hindi Praveshika and Lines, Patterns, Writing. It develops basic language and numeracy skills and creates awareness about children themselves and their surroundings.

Picture Book of ABC

for ages 3-5

Picture Book of ABC is designed to prepare young minds to take their first steps into learning preschool concepts in a confident way. It is an essential young learner's companion. The book is basically a reader with lots of amazing illustrations to facilitate easy and effective word-picture association skills in children, and in the process, build vocabulary. Children will recognise the letters of the English alphabet and associate them with the pictures given. This book is an essential tool for initiating children into the process of learning.

SPECIAL FEATURES:

- * Aims at assisting beginners to recognise and learn English alphabet.
- * An essential tool for developing word-picture association skills.
- * Develops vocabulary with the use of pictures.
- * Develops observational and visual-discrimination skills.
- * Enhances pre-reading skills in children.
- * Enjoyable activities at regular intervals make learning fun.
- * Colourful illustrations add to the joy of learning.

My First Word Book

for ages 4-6

A strong vocabulary is crucial for the development of linguistic and reading skills in children. It is easier for children to understand what they are reading if they are able to associate it with the object being spoken about.

My First Word Book intends to introduce children to new words so that they can exhibit an enriched vocabulary. The book aims to accomplish this task by employing the method of word-picture association. Children find it easier to learn words if they are provided something to associate them with. Everyday things that they see, the people they interact with, the places they visit, the food they eat—can all be identified with words. **My First Word Book** enables children to learn all these words so that they can use them to express themselves more articulately.

SPECIAL FEATURES:

- * The book enhances vocabulary-building in children.
- * Use of the method of word-picture association makes it easier for children to identify objects.
- * Colourful illustrations make learning new words doubly interesting.
- * The wide variety of activities in the book makes the learning experience dynamic.
- * The activities lend the book versatility as children can develop, apart from their linguistic skills, logical thinking, observational skills and fine motor skills.
